SEVEN CENTS

Deadened Havana Awaiting Warfare

Rebel Attack Is Promised

Government Troops Dug In;
Castro Pledges To Topple
Batista From Power

Havana (Saturday) (P)—Rebel chief Fidel Castro's declared total war to destroy President Batista began in ominous silence here at 12:01 a.m. Saturday.

Not a warlike sound was heard in the center of the deadened city long after the declaration went into effect.

Only mounting tension and military preparedness of government forces were apparent.

Castro's favorite guerilla type attack usually comes just before dawn. Government forces here and throughout Cuba were dug in to meet what may come then.

He said war would be waged pitilessly against all armed forces and persons supporting the President until he was toppled from power.

"From this instant on, the country is in a state of total war against the tyranny of Batista," Castro declared.

He promised "the war will be waged implacably."

When news of his announcement came Havana's streets and night-spots were deserted. Civilians stayed behind locked doors in their homes awaiting Castro's first big move.

As the first step Castro said that action by armed patrols attacking the armed forces and the nation's transport and communications system would be intensified.

Rebel sources in Havana said they awaited Castro's word as to what action should be taken to win in the nation's capital.

There were no immediate reports of any outbreaks in Havana or elsewhere in Cuba.

Reinforced police patrols and secret police maintained a sharp watch in all sectors of the capital.

Some rebel sources in Havana predicted Castro would delay any major blow until after the Easter holidays, which end Monday morning.

The sources pointed out that Castro might hesitate to stir up any more trouble during religious celebrations.

President Batista—set to strike back through the armed forces, the labor unions and courts—awaited the showdown with a confidence that seemed cocky.

Hope For Showdown
Army chiefs beamed. Their hope is that Castro, who has stuck for 15 months to guerilla hit-and-run attacks, may finally be drawn into an open fight. They believe he can quickly be wiped out if he risks it.

Informed sources here said the government might soon launch a ground offensive in any case to follow up aerial bombardments of suspected rebel hideouts in the mountains of east Cuba.

Some rebel sympathizers declared guns and ammunition were stored in houses in nearly every block of Havana and that thousands awaited only Castro's signal to strike.

Raiding police seized some arms from caches during the day.

The unrest and rising uncertainty hit hard at Havana's multi-million dollar resort hotels. Their guest lists dwindled to less than 10% of capacity. Hundreds of hotel employees were laid off.

Castro ignored a last-minute offer of amnesty by Batista's government to all rebels who down arms. He said his columns already were on the move throughout Oriente Province, on the east end of the island.

FISH AREN'T BITING

This fisherman is about to give up his efforts as huge waves pound over the bulkhead of Fort Point in the shadow of San Francisco's Golden Gate Bridge. High tides and wind churned up big waves at

San Francisco's beaches the past 2 days, inflicting damage in some instances. Fort Point guarded the approaches of the Golden Gate in the early days of San Francisco. Now it is only a historic spot.

California 'Disaster' Aid OK'd

Gettysburg, Pa. (INS)—President Eisenhower Friday designated the greater part of California as a major disaster area and immediately allocated federal funds to help the state dig out from damage caused by recent storms and floods.

The President, who is spending an Easter holiday at his Gettysburg farm, sent a telegram to California Gov. Goodwin J. Knight informing him that funds have been made available "to supplement state and local efforts."

New Storm Nets

San Francisco (INS)—Additional hundreds of Californians abandoned their homes Friday to escape storm-bred floods as an onrushing new tempest threatened to intensify the state's weather crisis.

Families were being evacuated from dwellings in many widespread areas of northern and central California in the wake of a massive midweek rain, hail, snow and wind disturbance that took some 12 lives and inflicted millions in property damage.

In other areas, the dreary work of mopping up and renovation had already begun. But these efforts were shadowed by the prospect of yet another in the series of storms that have given California its worst winter of the 20th century.

U.S., Nikita Trade Jabs

Washington (P)—The United States accused Soviet Premier Nikita Khrushchev Friday of distorting U.S. summit conference policy while standing amid scenes of Soviet "slaughter . . . and treachery" in Hungary.

A State Department statement sharply chided Khrushchev for demanding a show of "good will" on the issue of suspending nuclear weapons tests. It prodded him to reply quickly to a western proposal for beginning diplomatic talks later this month on summit conference arrangements.

The United States reaction was voiced by State Department press officer Lincoln White after Khrushchev, on a visit to Budapest, called on this country and Britain to follow the Soviet example and announce suspension of the testing of nuclear weapons. Khrushchev said he was prepared to accept international supervision of a ban on tests, but White noted that Khrushchev did not say what he meant by international supervision.

On this issue the Eisenhower administration is now engaged in a top level review, with a prospect of decisions possibly modifying U.S. policy in 2 or 3 weeks. But there is no prospect of any American suspension of tests by agreement with other nations until after the imminent Pacific test series is completed next summer.

Irritation
The State Department statement indicated a considerable irritation in Washington with what some authorities consider Khrushchev's successful propaganda campaign. It also showed a readiness to throw hard punches back at the Soviet Premier in the first on-the-record comment made in response to public statements by him since he took over the premiership from Nikolai Bulganin last week.

White recalled that a United Nations resolution, opposed by the Soviet bloc but overwhelmingly adopted by the rest of the General Assembly, said:

"It is perhaps significant," White added, "that this statement by Mr. Khrushchev is made in Budapest where the U.S.S.R. demonstrated its 'good will' by the slaughter of Hungarian people just over a year ago when they sought to lift from their back the yoke of a foreign imposed domination."

The accident was the state's 58th fatality of 1958, one less than on the same day a year ago.

The Safety Patrol reported that Ronald Peterson was going east when his auto collided with a westbound truck driven by Donald Laurent, 31, of Denver.

Omahan Dies In Collision
Central City—A 21-year-old Omahan was killed Friday evening when his car collided head-on with a truck 4½ miles east of Central City on U.S. Highway 30.

The accident was the state's 58th fatality of 1958, one less than on the same day a year ago.

-‘Peace Walkers’ Demonstrate-

Suit Filed To Halt A-Tests

Scientists And Churchmen
Sue McElroy And AEC

Washington (AP)—On the streets of New York and London, at the United Nations and in the District of Columbia courts Friday, groups of people called for an end to nuclear tests.

A number of scientists, churchmen and other individuals sued Secretary of Defense McElroy and the 5 members of the Atomic Energy Commission in an extraordinary attempt to place judicial restraint on U.S. tests.

Nobody in the legal community gave the suit much chance of succeeding. But the plaintiffs said they planned similar actions in Great Britain and Russia, the 2 other nations that have been setting off nuclear explosions.

6,000 March In N.Y.

Almost 6,000 persons demonstrated against hydrogen warfare in London and New York.

About 5,000 strong, the British started a 4-day march on Aldermaston where their government conducts research on the H-bomb and other weapons. On Monday, in a field near the research laboratories, they plan to adopt the following resolution:

“We urge the governments of Britain, Russia and America to stop testing, manufacture and storing of all nuclear weapons immediately.”

In New York about 500 “Walkers for Peace” converged on the U.N. headquarters to present a petition. They got a courteous reception from U.N. authorities. Many of the marchers had spent 5 days on the road, coming from as far away as Connecticut and Pennsylvania.

The suit filed in the U.S. District Court here contends among other things that the atomic energy act is unconstitutional.

Dr. Linus Pauling, professor of chemistry at the California Institute of Technology and a Nobel Prize winner; veteran socialist leader Norman Thomas and Lord Russell, the British philosopher better known as Bertrand Russell, were among those listed as plaintiffs.

In a separate statement the interested parties said suits against all 3 of the governments would prove that radioactive fallout from nuclear tests “causes immediate and future increase in genetic damage, tendencies to bone cancer and leukemia, and general shortening of the life span in the world population.”

One legal barrier the plaintiffs will have to contend with is that suits against individual government officials cannot be maintained without the government’s consent unless the officials act unlawfully without delegated authority, or unless the act under which they function is unconstitutional.

After studying the com-

plaint, government attorneys said they doubt whether the plaintiffs have any standing to maintain the suit. They added that they would resist it but haven’t decided yet what the precise line of defense would be.

Pauling accompanied two lawyers to the courthouse to file the suit.

“We have to stop this terrible trend toward self-destruction,” he said.

Billboard Lobbying To Face Unicam

... Ress Predicts

An avalanche of lobbying from the billboard industry will face the next session of the Nebraska Legislature, L. N. Ress, state engineer predicts.

Ress made the prediction during discussion of a congressionally passed \$1,800,000 highway bill containing a billboard clause.

The bill, which now goes to President Eisenhower, contains a clause which would grant a bonus to the states of 1/2 to 1% of the cost of building segments of the interstate highway where billboard control is applied.

Current Nebraska legislation prohibits billboards from being erected 150 feet from the center line of state highways.

Ress said he thought proposals in the new highway act would encourage legislation limiting the construction of billboards 660 feet beyond the right of way limits of the interstate.

He said he didn’t expect to see too much excitement registered in rural areas of Nebraska, but expected “turmoil” to erupt around the Omaha and Lincoln areas if prohibitive billboard legislation were suggested.

However, Ress said the states must take into consideration whether the federal bonus for regulating billboards would bring in more revenue than funds gained by renting advertising space in the proximity of the interstate highway to billboard firms.

Ress will meet Apr. 14 in Chicago with State Highway and Bureau of Public Roads officials to discuss the new bill and ramifications of the billboard regulating clause.

4 Communists Win New Trial

St. Louis (AP)—The U.S. Court of Appeals reversed the conviction of 5 Missouri Communists and ordered a new trial. The defendants had asked for outright acquittal.

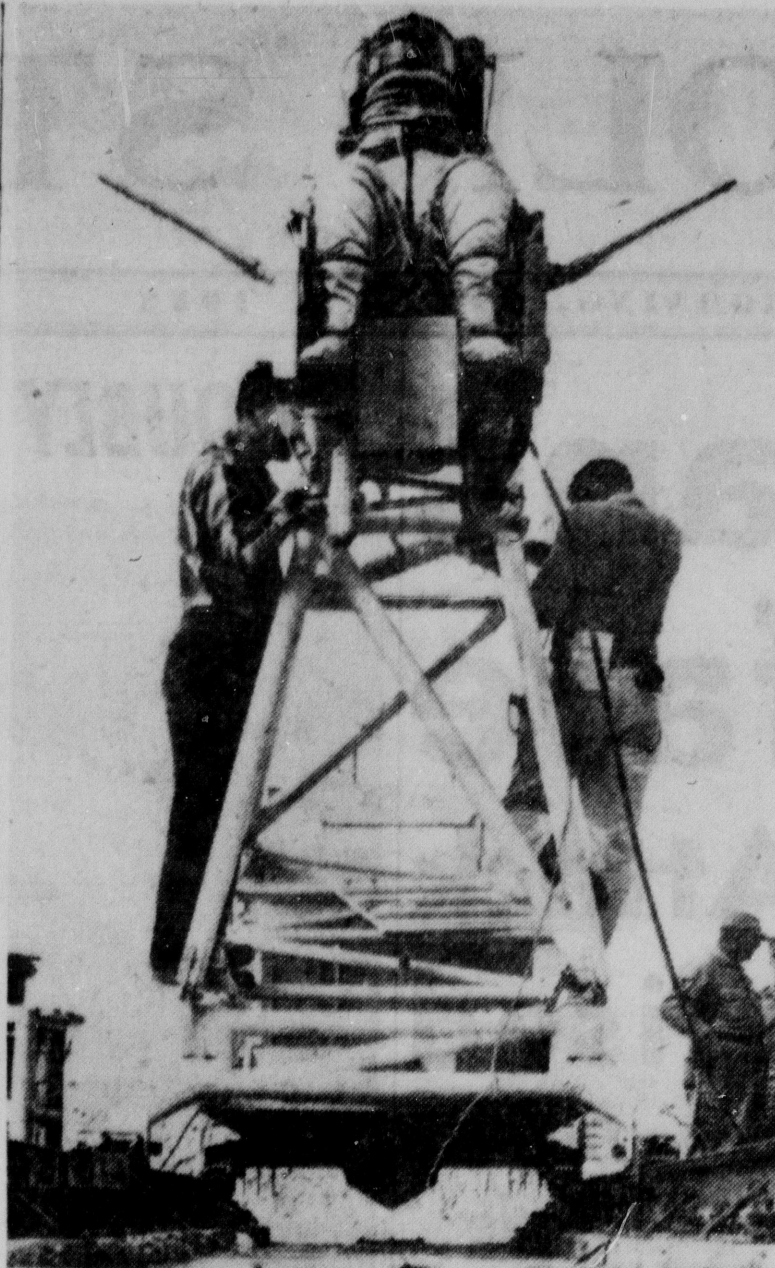

The 5 — William Sentner, Robert Manewitz, Marcus Murphy, James E. Forest and his wife, Dorothy — were convicted in 1954 of conspiring to overthrow the government by force.

U.S. District Judge Roy W. Harper sentenced the male defendants to 5 years imprisonment and Mrs. Forest to 3 years. All were convicted under the Smith Act.

After the Yates case, which was decided by the U.S. Supreme Court, the government conceded that the 5 were entitled to a new trial.

The Yates case held the Smith Act did not forbid the advocacy and teaching of forcible overthrow as an abstract principle, provided it was divorced from any positive action.

Two Points of View. Both your favorite Sports Editors, Don Bryant and Dick Becker are “Tops” at the sports writing. They both write columns in The Sunday Journal and Star.

‘SPACE MAN’ PRACTICE

A dummy, clothed in the complicated protection suit to be worn by the world’s first real “space man,” is prepared for windblast tests at Edwards Air Force Base in the California desert. The dummy is mounted on a sled at the base’s High Speed Experimental Track, where it will undergo the pressures, strain and acceleration that the pilot may encounter during a possible ejection from the rocket-powered X15 plane. The craft, with test pilot Scott Crossfield at the controls, will make a brief flight into outer space early next year. (Story on Page 2) (AP Wirephoto)

‘Half Plane, Half Missile,’ May Hit Mile A Second

Los Angeles (INS)—North American Aviation engineers disclosed details of their X-15 research aircraft—the “half airplane, half missile” designed to carry man to the edge of space next year.

The X-15, developed by North American for the Air Force, Navy and National Advisory Committee for Aeronautics, is designed to streak to an altitude of 100 miles at a top speed of a mile-a-second.

The slender, rocket-powered X-15 will have wings like cleaver blades and an unusually heavy vertical stabilizer to aid in controlling the craft on its return to earth.

Another unusual design feature will be a pair of fish-like fins extending downward from the tail assembly. The fins were described as essential for flight but superfluous for landing, and they will be ejected before the X-15 touches down.

The space-pioneering ship will be constructed basically of heat-resistant nickel and steel alloys only recently made available to aircraft builders.

Its designers expect the X-15’s fuselage to glow brilliantly when it re-enters the atmosphere. Temperature of the exterior surface will be close to 1,000 degree Fahrenheit. Liquid fuel must be kept at minus 300 degrees F.

Cops Hold Greenlease Key Figure

Madison, Ill. (INS) — A key figure in the Greenlease kidnapping case, Sandra O’Day, 26, Friday shot and wounded an ex-convict in Madison.

Witnesses told police that Garland E. McGarvey Sr., one-time Madison, Ill., tavern operator, was shot at his apartment in a dispute with members of his family.

Miss O’Day, who spent a night in a St. Louis County motel with kidnap-killer Carl Austin Hall shortly before his capture in October, 1953, said she fired twice at McGarvey as he attacked his son, Thomas, 24, with a blackjack.

One bullet ripped through McGarvey’s right arm and lodged in his chest. Another bullet pierced his right shoulder.

The O’Day woman was arrested and held for investigation by Madison police. She first gave the name of Rhea Marlene Rogers.

She told authorities that she obtained the pistol from McGarvey’s bedroom while he was engaged in a violent argument with his wife, Sarah Ann; daughter, Joanne, 14, and young Thomas.

Illinois ROTC Cadets To Hear Col. Hardison

Col. Felix M. Hardison, Lincoln Air Force Base commander will address Air Force ROTC cadets at Southern Illinois University at Carbondale, Ill., next Tuesday. The base commander will discuss the mission of SAC, the role of Lincoln Air Force Base in SAC and the Air Force weapons systems.

Ike Goes To Church, Plays Golf ... At Gettysburg

Gettysburg, Pa. (AP) — President Eisenhower joined a small congregation of hometown neighbors in Good Friday prayers for world peace. The President, accompanied by Mrs. Eisenhower, attended for 25 minutes a community service in the Gettysburg Presbyterian Church.

In bright sunshine, the President later played a round of golf at the Gettysburg Country Club.

About 50 persons were in attendance at the start of the 3-hour church service when the President and First Lady arrived promptly at noon.

Prays For Wisdom

The minister of the host church, Rev. Robert A. MacAskill, prayed that the spirit of wisdom, goodness and truth would be granted to the President and other officials and “so relieve their hearts and bless their endeavors that justice and peace may everywhere prevail.”

Another clergyman taking part, the Rev. William Fenstermaker of the Methodist Church, said the world’s hope for peace will be achieved when men adopt Christ’s spirit of forgiveness.

Ministers of the Lutheran, United Brethren and other Protestant churches also took part in the service.

Few Spectators

The President’s plan to attend the observance was made known only a short time beforehand and only a handful of spectators watched him and his wife enter and leave the historic church in which Abraham Lincoln once worshipped.

S.D. Cops Arrest Man In \$481 Exchange Holdup

Sioux Falls, S. D. (AP) — A shotgun-armed robber held up the Canistota, S. D., Exchange 35 miles west of here Friday and a young father of 3 arrested here an hour later admitted the robbery, a sheriff said.

Sheriff Harold Lockwood of McCook County, where the robbery occurred, said James Phillips, 25, Harrisburg, S.D., said in a statement that he needed money and robbed the exchange.

Lockwood said a canvas bag containing \$481 was found under the dashboard of the car driven by Phillips, who was quoted as saying that was all the money he obtained from the exchange. A Sioux Falls insurance man whose company covers the exchange said a check indicated \$481 was the amount taken.

A Sioux Falls city patrol detail arrested Phillips on the basis of a description furnished by Ward Clark, operator of the exchange. Phillips was arrested at an intersection of Highways 38 and 77 about 3 miles north of this southeastern South Dakota city.

Police said Phillips was pale and “appeared scared” when his car was stopped. He was arrested at one of many roadblocks set up in southeastern South Dakota roads shortly after the robbery. Authorities in Minnesota, Iowa and Nebraska were alerted.

Another Sputnik Soon, Red Tells Newsmen

Moscow (AP)—Soviet academician Ivan Bardin told Western newsmen the Soviet Union will launch its 3rd earth satellite very soon.

He declined to describe the upcoming Sputnik in any way or predict where it would be aimed or what it would carry.

‘CAR VICTIM’S’ ONLY INJURY IS TO PRIDE

Police reported Friday a 16-year-old Lincoln girl who first claimed she had been struck by her boy friend’s car later admitted she did so “because her pride was hurt.”

Police had searched the area near 48th and Vine after they had received a report of a girl lying in the street; apparently the victim of a car accident. They located the girl at a drive-in nearby and she admitted she had made up the story after arguing with her boy friend and getting out of his car.

GOP Chief Hits ‘Cure’ By Demos

Washington (AP) — Meade Alcorn, chairman of the Republican National Committee, said Friday the Easter recess will give the people a chance to demand in person that the Democrats “halt their legislative medicine show” in Congress.

The people, Alcorn said in a statement, should call on Democratic legislators to get to work promptly on “the carefully-prepared recession cures” proposed by the Eisenhower administration.

“The country,” the GOP chairman continued, “has had enough of promoted pessimism, meaningless resolutions and talk of old New Deal spending boondoggles which would have no immediate effect on jobs but would head us toward bankruptcy in the years ahead.”

Alcorn said the administration has done its part by taking 29 executive actions. He added it has submitted more than 200 legislative recommendations, including more than 20 major proposals aimed at stimulating the economy.

“These,” he said, “have been ignored by the Democrat congressional leadership, which seems more interested in concocting a phony political pitch for the fall elections than in the general welfare.”

AIRMAN PAYS \$5 FOR RADAR ‘WARNING SIGN’

A 21-year-old Lincoln Air Force Base airman who held up a sign to warn his buddies of a police radar speed check was fined \$5 and costs in Municipal Court on a charge of “displaying an unauthorized sign.”

Bruce G. Umbreit pleaded guilty. Police reported he had parked about 2 blocks from where the radar machine was set up Mar. 19 and when he saw a friend’s car approaching he flashed the radar warning sign. He told police he was trying to help his squadron win a traffic safety prize.

Umbreit himself had received a ticket for driving 35 mph in a 25 mph zone a few minutes before he took up his post with the sign. He pleaded guilty to the speeding charge and was fined \$11 and costs by Judge Richard O. Johnson.

Towns Taken

Bukittinggi, Indonesia (AP)—Col. Aludin Simbolon, foreign minister of the revolutionary Indonesian government acknowledged that Jakarta forces had taken the 2 central Celebes towns of Palu and Dongala.

The towns are about 400 miles south of the north Celebes capital of Meddo. They had been in the hands of forces led by Lt. Col Ventje Sumual.

Proposed Flood Control Study Still ‘Pending’

By Virgil Falloon

The Sanitary District is still awaiting definite word from the City and County on the proposed \$8,000 study of Antelope Creek flood problems and retention dam.

It is proposed that the district, city and county equally share the study’s cost.

District Engineer Ralph Marlette reported Friday to the Board of Trustees that the city committee will report to the Council on Monday.

Indications are the County will go along with the study if the City does, Marlette said.

The study would update cost estimates and studies for a retention dam at 56th and Calvert and a box conduit along Antelope in downtown Lincoln.

Atty. Max Kier was instructed to investigate the possibility of forming a special benefit district to help finance part of a box conduit to eliminate Antelope Creek flooding around 20th and O.

Marlette reported that Corps of Engineer estimates placed 1951 flood damage in the 27th and Randolph area at \$375,000. He said 92 businesses, 98 homes, and five blocks of paving were affected.

In other action, Marlette was directed to investigate

HOT RACES ON COUNTY LEVEL SEEN

Competition will be hot for Lancaster County political offices on the May 13 primary ballot, county party leaders predicted.

The largest turnout of Democratic candidates in at least 8 years—17—filed due to local organizational ability and increased optimism, observers believed.

County Chairman A. Clifford Anderson and attorney John R. Doyle, who headed a committee to encourage county Democrats to seek office, received most of the credit from party members.

Just One Office

Only political office which will not have a Democratic contender is county attorney. Some 21 Republicans filed for county office.

Republicans expect all or nearly all incumbents to be re-elected in November. But that contention draws a hearty argument from county Democratic leaders who are putting on a spirited bid to break the GOP monopoly at the Courthouse.

“We’re looking for good things this fall,” Anderson told The Star.

Pat Boone Mobbed By London Lasses

London (AP)—American singer Pat Boone flew here and got a somewhat hysterical welcome from dozens of teen-age girls struggling to fight their way past police.

Several screamers went sprawling in a tussle with constables guarding the singer and his wife Shirley at the plane.

While the girls chanted “We want Pat,” Boone escaped to a private lounge.

“It’s great of these girls to come and see me. What I like about it is that it’s all clean and wholesome,” Boone said.

The girls were beating on a lounge window at the time. Boone is making stage appearances and doing a TV show here.

the cost of repairing about 150 to 200 feet of waste bank on Salt Creek near Ashland. The trustees toured the area last Saturday following complaints by an Ashland delegation concerning the eroding banks.

The \$340,000 project for lining the Antelope Creek channel between 15th and Court and 19th and Vine is about 50% complete, according to Marlette.

He said approximately \$61,000 worth of work was completed in March by Dobson Bros. Construction Co. The extended completion date is June 25.

Mrs. Woods Selected For Park Board ... Fill Husband’s Term

Mrs. Sarah L. Woods has been selected to serve the unexpired term of her late husband, Thomas C. Woods, on the City Park and Recreation Advisory Board.

Mayor Bennett Martin said a Council resolution appointing Mrs. Woods would be introduced Monday.

Mr. Woods had served as Mrs. Woods’ chairman of the city park and recreation board since its inception in May, 1954, and previously had been a member of the park board for many years.

Martin said Mrs. Woods is a “person of great ability and dedication to worthy projects” and no better choice for this important position could have been made.

Mrs. Woods is active in the Nebraska Art Assn., serving a number of terms as president, and has headed the women’s division of the Community Chest.

Youth, 17, Given 99-Year Term In Texas Slaying

Hallettsville, Tex. (AP) — A jury sentenced Stewart Duff Lumpkin, 17, to 99 years imprisonment Friday after finding him guilty of the murder of Jay Evans, 15, in a slaying involving a toy pistol.

The state asked the death penalty for Lumpkin who admitted triggering the .38-caliber shot which claimed the life of Evans.

Evans, son of a Houston architect, was shot to death Christmas Night while standing in the driveway at his home.

New Councilman Choice Said Not Subject Of Closed Meeting

City Council members held a closed-door session Friday afternoon, but Mayor Bennett Martin said no names were discussed in regard to the Council vacancy.

Additional names are to be submitted before the Council begins discussions Monday morning to appoint a successor to the late Councilman Rees Wilkinson.

City Co-ordinator James Mallon said all Council members have not yet submitted names. A complete list is to be delivered to members over the weekend before Monday's meeting.

So far, 22 names have been submitted for consideration, according to the city official. Several Council members indicated additional names would be forthcoming.

Mallon said he has received letters from several organizations and interested groups suggesting names. Martin said that 5 or 6 names communicated to him have been turned over to Mallon.

Martin said he couldn't say whether the Council would be able to name a new councilman during Monday's sessions.

Martin said that he and councilmen individually would follow a procedure of checking the availability of suggested persons prior to Council discussions leading to selection and appointment of a new member.

Council members have declined to disclose suggested names, pointing out that it would be unfair to those persons under consideration.

Filings For County Party Meetings Up

Approximately 220 Democrats and 132 Republicans in Lancaster County have filed for election as delegates to the county conventions of their respective parties.

Deputy Election Commissioner Pat Boyles said there were about 20 more GOP candidates than 2 years ago, and that the number of Democrat filings was about the same.

Two Democrats from each of the county's 140 precincts will be elected at the May 13 primary to attend the party convention.

Republicans will elect from 2 to 6 party members from each precinct on the basis of the vote cast in each precinct at the last presidential election.

Delegates will conduct party business and elect delegates to the state conventions.

GOP Calls For Post-Primary Meetings May 29

The Nebraska Republican Party's 93 county chairmen have been issued instructions to call into session their 1958 post-primary county conventions May 29 in accordance with the Party constitution, State Chairman Richard E. Spelts of Grand Island reported.

The county conventions will elect officers for the next 2 years and name some 800 delegates and alternates to the state post-primary convention to be held in Alliance Sept. 15.

The state convention will set the stage for the 1958 general election campaign by reorganizing the Party's 86-member central committee, which will in turn elect the state chairman and treasurer for the next 2-year period.

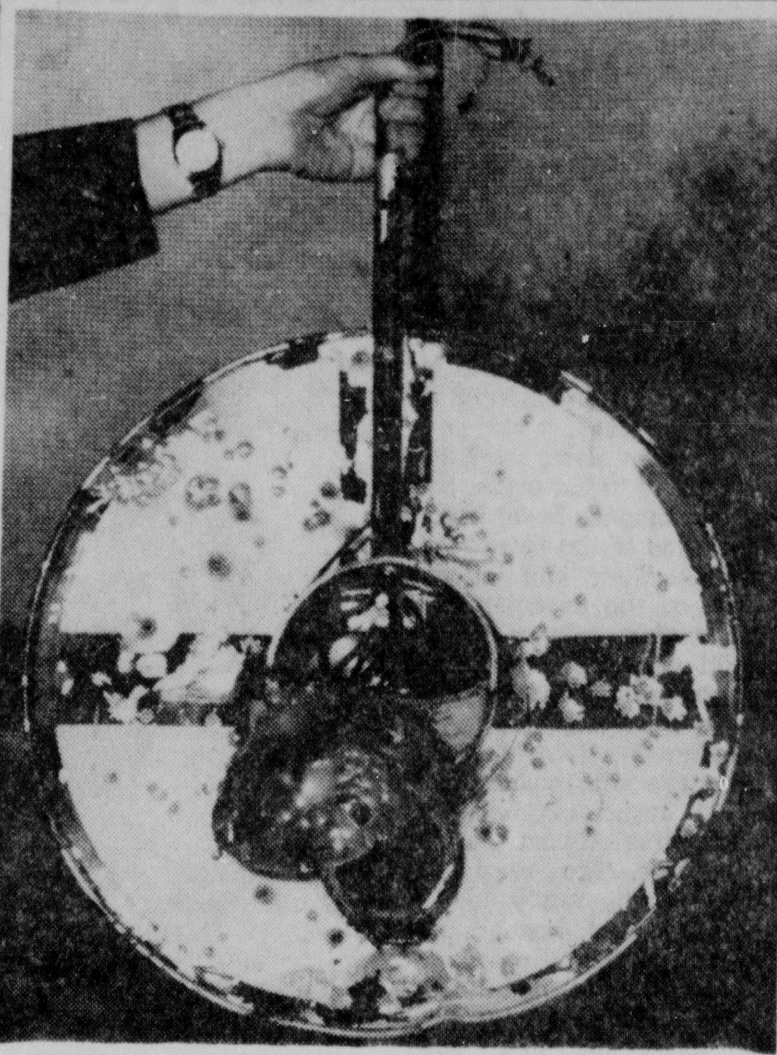

Democratic county conventions also meet May 29.

Car Jumps Curb; Grocery Store Window Smashed

An "awful loud noise" was all that bothered anybody Friday afternoon when a car smashed a window at Beecher's Market at 17th and South, according to the store manager.

The woman driving the car apparently lost control, the car jumped the curb, crossed the sidewalk, and stopped just after the front bumper rammed the \$90 window.

No one was injured and a new window was installed before nightfall.

POT-SHOTS DANGEROUS -AND EXPENSIVE, TOO

This is one of the swinging railroad warning signals which vandals have been shooting out at the So. 27th St. crossing just south of the new Nebraska 2 highway. Co. Sheriff Merle Karnopp reported that railroad officials say the signals, valued at \$20 each, have been put out of commission at the rate of one a week for the last 6 months. Karnopp noted the signals protect a nearly blind crossing, and if not working a serious accident could easily result. State statutes provide penalties of up to one year in the County Jail or up to 20 years in the State Penitentiary for persons convicted of maliciously damaging railroad property. (Star Photo)

Fire Dept. Efficiency Commended

... At Hospital Fire

The Lincoln Fire Department was commended by 2 fire prevention organizations for its handling of the fire at the Lincoln State Hospital's "Old Main" building Mar. 9. The compliments were received by Fire Chief Paul Feaster in letters from the National Fire Protective Assn. and the Nebraska Inspection Bureau.

The national fire organization said "2,000 gallons (of water) per minute (which were applied quickly on this fire with initial manpower of less than 30 men on 2 alarms would indicate a good degree of efficiency."

Feaster said he would forward the letters to the National Board of Fire Underwriters, which is currently determining whether Lincoln will retain its present fire rating or drop to a lower one, which would result in higher fire insurance rates.

Hartington Girl 'Follows' Sister To Girls State

A 16-year-old Hartington girl is following in the footsteps of her older sister, now a Lincolnite, who attended Cornhusker Girls State 11 years ago.

Irene Foecke, a junior at Holy Trinity High School in Hartington, has been selected to attend the 1958 session of Girls State in Lincoln.

Eleven years ago her sister, Mrs. F. J. Lintel, now of Lincoln, was selected to attend as a representative from the same high school. Mrs. Lintel served as deputy secretary of state in the 1947 session.

Grand Island To Limit Beer, Liquor Licenses

Grand Island (P)—The Grand Island city council has passed a liquor and beer license limitation law.

The new law will limit liquor licenses to one per 1,500 population. All classes of beer licenses will be limited to one per 1,000 population.

The city now has more than the number of licenses prescribed under the new regulation, but there will be no cutback.

When licenses are revoked, surrendered or not renewed no new licenses will be issued until the number is in line with the new ordinance.

State Distributes \$2.3 Million In Gas, Fuel Taxes

The State Treasurer's office distributed \$2,353,248.98 in gasoline and special fuel taxes during March.

The money included \$2,222,967.47 which came from gasoline taxes and \$130,281.51 from special fuel taxes.

The distribution was \$1,212,406.04 to the Highway Department for road construction; \$298,132.63 to the rural-star mail fund; \$351,625.99 in agricultural refunds; \$14,072.11 was refunded to dealers, and \$477,012.21 went for county road construction.

\$1,000 Award 'On Its Way' To Air Base

Lincoln Air Force Base received official word Friday that the \$1,000 prize which it won for going 3 months without a reportable automobile accident is on its way from 8th Air Force Headquarters.

The base hasn't decided what to do with prize money yet. Base officials pointed out, however, that it will be used in a "morale benefiting area for airmen."

A reportable accident, by contest rules, was one in which the injured person was hospitalized for more than 24 hours or where there was \$25 damage to government property.

The campaign survived a bad scare just 23 minutes before the final gun at midnight Mar. 31 when a one-car accident occurred at 10th and Oak. The injured airman was treated for back injuries and released.

April Is Voter Registration Month In State

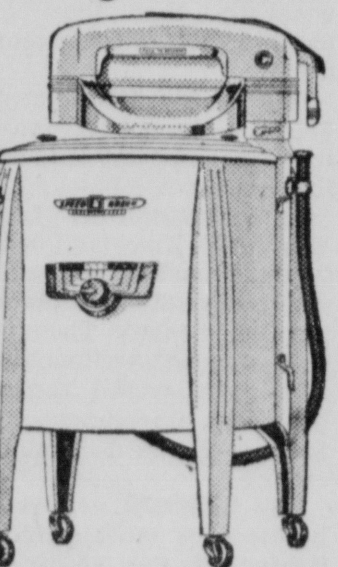

Gov. Victor Anderson Friday proclaimed April as voter registration month in Nebraska.

In issuing his proclamation designating the special month, sponsored by the Nebraska League of Women Voters, the governor urged his fellow citizens to remember the deadline for registration before the primary election — 5 p.m., May 2.

Change In Services

By WILLIAM O. DOBLER

President Eisenhower has now sent to Congress what promises to be a controversial plan for reorganization of the top end of the military services. The plan would affect top level administration by placing practically all final authority in the hands of the secretary of defense.

As comment by congressmen indicated, there is not likely to be a very smooth road ahead for the plan.

A Dim View Of Consolidation

For one simple thing, each of the services has its own particular advocates in the House and Senate. The services are masters of the techniques of lobbying. Whether this stems from their own firm convictions of right or any other reason, it is still a situation to be reckoned with. The services have always been built individually and it is not likely that they will now think too kindly of any plan to destroy this individuality.

The thing which President Eisenhower hopes to correct is the individuality which leads to wasteful competition—to duplication of efforts and to lack of efficient co-operation. These were the shortcomings which led many citizens and officials to believe that the services had cost this nation loss of the missile and satellite lead to Russia.

None can say with any certainty whether the President's proposal would be a success or failure. It would transfer a great deal of authority to the secretary of defense merely by giving him control of the purse-strings. Nothing is a more effective whip than that.

Perhaps this is the only answer but it does have some rather drastic aspects and will surely be questioned in detail in both the House and Senate. There has always been in this nation a natural apprehension of concentrated power.

Pistol Whipping Or Fact?

The orbiting of Russia's Sputnik has sent a lot of minds in this nation orbiting. Ever since the Red satellite was launched, there has been a rash of claims as to how far behind the U.S. was in comparison with Russia.

The first subject to be placed second in comparison with Russia was education. This carried the spotlight for quite some time but has given way to other much more drastic claims. In fact, the claims are becoming so varied that one might wonder if the American people have not had worked upon them one of the greatest hoaxes of all time.

While we believed some six or eight months ago that we stood at the top of the world in just about all areas, we now are told from many quarters that we lag in many areas. There are some aspects of these claims which, of course, are true but

Some members of Congress already have remarked that they question the granting of this much authority to any one man. Others have pointed out that they don't think we have done too badly with the system we now have. All of these and many more detailed arguments will be made before the issue is settled.

The issue is of prime importance to the people of this nation as it will affect the very heart of the military. We may criticize the military for one thing or another and even its own members do not claim perfection but it is this nation's guarantee of freedom.

At the moment, and while it may be morally lamentable, it is power and force which have a major part in shaping the world. This is due to the fact that these are the only things recognized by the one challenge to democracy, Communism.

It would be fatal if any program were adopted which destroyed the effectiveness of the military. The independent and competitive spirit of the military has undoubtedly had some adverse effects upon the nation's over-all defense but it has not been without its good points. Any organization without spirit and a sense of loyalty is a worthless organization. This fact has been proven over and over again in various arms of government at all levels. Each of the military services has established its own trademark, so to speak, on which it was built.

The Military Our Bulwark

The President is to be commended in his recognition of the need for improvement in some areas of the military. There is a serious question, however, as to whether he has gone too far in making a change. Particularly in time of war, such authority in the hands of an untrained individual could be a serious handicap.

Some of them, also, could be more in the nature of pistol whipping administered by advocates of particular programs. The idea would be that a position behind Russia would lead to immediate federal appropriations to regain the lead.

We have agreed with a great deal that has been said about this country's educational system and the need for improvements. However, it does not seem from this that we have to agree that we are behind in meteorology, in oceanography, in reclamation and in many other areas for which such claim has been made. It is getting to the point where you might be called "square" if you are ahead rather than behind Russia. It is fine that we realize our own limitations and respect the ability of potential enemies but it would be disastrous if this led to an attitude of defeatism rather than a confident determination to improve our position.

Another Administration Defeat

Laying aside partisan enthusiasm and the popular appeal of personalities, and judging the six years of the Eisenhower administration by results, the American people have little to brag about.

The Defense department has been out-Sputniked, Secretary of State Dulles recently admitted of three bad diplomatic defeats the past year, the budget has flown out the window, the farmer is just about finished and the country in general is in a recession.

The most recent blow was a fervid Canadian election in which the "get-tough-with the U.S." candidates won a smashing 4-1 victory over the apostles of co-operation.

The United States can shrug off the anger of Latin America because of gross indifference. But Canada is a different story. Canada is a pal.

What caused the stern reversal?

The Canadians say they could not take the overriding of the Eisenhower administration and do not propose to become an extractive satellite in which co-operation means doing whatever the U.S. decides is

for its own best interest.

Canada co-operated to its hurt with the U.S. in refusing to trade with Red China. It resents the economic subjugation which it said came from American ownership of Canadian plants. And it sees no point in U.S. owners closing Canadian plants because of unemployment here. That gave Canada a share of our recession when its domestic markets can absorb the products of Canadian plants.

Canada is also sick of the Eisenhower administration's intractable anti-public power policy, which it says is delaying the development of the St. Lawrence-Tidewater project and has made it virtually impossible to realize the full use of the Columbia river basin—both of vital importance to Canada. And Canada is heartily tired of the Benson agricultural policy which it considers is as calamitous to Canada as to the American farmer.

Well that's the story. The U.S. may not have any sensory nerves in its feet as it tramples the interest of others, but the others do have nerves.

Dug His Own Pit

The Eisenhower-Benson farm administration—always ready to score a point over the defendant farmer—explained at week end why the thinking, action and spending of the administration failed to reduce the nation's surplus of corn.

The farmer was to blame.

The Agriculture Department explained that only 14% of the nation's corn acreage was grown in compliance with the acreage restrictions of the farm program. In other words, 86% of the corn acreage was farmed according to necessities determined by the individual farmer.

DREW PEARSON

House Seat Is Price For Alaska

WASHINGTON—Here is the difference between the activities of two congressmen, both Democrats. One is Rep. Leo O'Brien of Albany, N.Y.; the other Rep. Howard Smith of Alexandria, Va., who presides over the all-powerful Rules Committee, which decides what legislation can or cannot come up for a vote before the full House of Representatives. Smith has been blocking a vote on statehood for Alaska.

Appearing before the Rules Committee the other day, Congressman O'Brien of Albany urged action on Alaskan statehood. His fellow Democrat from Virginia cross-examined him.

"Do you realize that some state is going to have to lose a congressman if statehood is given to Alaska?" asked Smith.

"I do," replied O'Brien, "and I'd like to point out that it is going to be my state. Furthermore, it's probably going to be my district. I'm in a democratic island at Albany surrounded by Republicans which is going to be redistricted. But I'm willing to make that sacrifice."

"You're the most generous congressman I know," replied Smith of Virginia. Nevertheless, he continued to block statehood for Alaska.

Secretary of Agriculture Benson's friend, meat lobbyist Alex Davies, who recently tried to get a newspaperman fired from the national press club, has just been kicked out of the Press Club himself.

Davies is a man of considerable weight who believes in throwing his weight around. He used his fist against four different press club members. Hence his indefinite suspension.

The incident would not be significant if it did not highlight the manner in which Davies also throws his weight around in the Agriculture Department and on Capitol Hill. He not only boasts that he is very close to Secretary Benson, but he has demonstrated that he is.

He is now lobbying on behalf of the American Meat Institute against the humane slaughter bill and against transferring meat packers'

antitrust enforcement from the Agriculture Department to the Federal Trade Commission. The meat packers feel much safer under benign brother Benson when it comes to antitrust enforcement than under the watchful eye of the Federal Trade Commission.

Most important of all is the manner in which both housewives and farmers appear to be affected by Davies' influence with the Agriculture Department. It's considered significant that when Secretary Benson supported the price of hogs by buying up pork, he failed to insert a clause in his contract with the meat packers requiring them to buy hogs at parity prices. Thus the price of pork went down on the farm while the housewife got no real benefit at the grocery store. The meat packer did benefit.

Again, when Benson supported beef prices by buying beef, he omitted a clause requiring meat packers to pay farmers parity prices. Once again the farmers lost while the meat packers benefited. Secretary Brannan was careful to require packers to pay the parity prices.

Alex Davies, the man who is so close to Secretary Benson that he wrote Benson's recent statement defending himself against Republican congressmen, was in the press club bar the other night when he took a poke at Dickie Brett-Smith, a correspondent for the London Telegraph. The two are old friends and Brett-Smith once spent a vacation with Davies in Chicago. However, Brett-Smith allegedly referred to Davies as some kind of a "Welshman," nobody knows what kind. Whereupon Davies punched him.

Irony is that just a short time before, Davies had telephoned Clark Mollenhoff of the Des Moines Register-Tribune, member of the Press Club board of governors, demanding that Chicago Daily News correspondent William McGaffin be kicked out because of his news story on Davies.

"Isn't the press club a gentleman's club?" asked Davies.

JESUS LOVED THEM

Cleopas

"And one of them, whose name was Cleopas, answering said unto him, Art thou only a stranger in Jerusalem...?" —Luke XXIV: 18

"What things?" asked their unknown Companion of the way.

So Cleopas poured out the story of the Crucifixion and of their own bewilderment, and the report that He had risen that morning from the dead.

Chiding them for being so dull spiritually, the Stranger then explained to them the meaning of the Scriptural prophecies concerning the Messiah.

But, although they marvelled at His knowledge and insight, they still did not

recognize Him. Still, He was a wonderful conversationalist, and they begged Him to spend the night with them.

As they sat down to supper, "He took the bread, and blessed it, and brake, and gave to them."

As He performed this ritual, so reminiscent of the Last Supper just three days previously, "their eyes were opened, and they knew Him." And Jesus, having restored their spiritual sight, vanished.

Composite Scientist

Lincoln, Neb.

To the editor of The Lincoln Star: The Star editorial, "What Makes A Scientist?" in the Wednesday, April 2, Star struck a responsive note with me. This week I asked my students in Irving to write what they thought about scientists. Where others found students identifying scientists with dead things—dead rocks, dead bones, dead (or preserved) animals—creepy or smelly things—I found my pupils writing about life and work for the betterment of mankind. One girl compared a scientist to a farmer who raises wheat—not just to eat or to sell—but for the pure joy of watching it grow and wondering how and why.

They said a scientist has great patience, is lucky, is like anybody else, a normal person, probably human, one who gets along well with people, is interesting to talk to, is determined, loves to sit down, is skilled in identification, does important work, is probably dreary because he works too long. He is interested in reading, does things in a scientific way, is never satisfied with the world as it is, enjoys working for mankind, has a great sense of humor to be able to absorb all the criticism he gets, antisocial because his work requires so much time, and is a roamer in the whole field of knowledge. Over and over the girls said that they thought he would be a bachelor—he would not make enough money to be considered a good prospect!

I read the editorial to them as an example of how a professional journalist answered the same question.

HENRY GOEBEL

Science teacher, Irving Junior High

Our Potential

Lincoln, Neb.

To the editor of The Lincoln Star: Dr. Claire E. Owens' question—what is wrong with the intelligentsia of Nebraska?—is a good one. In my opinion, the entire country has the same problem. Inactivity. We simply lack correct leadership to put constructively into force the

plates and fuel taxes aren't even 20 per cent of the total.

I still don't believe a class of vehicles that cause nearly all the traffic damage to streets ought to get by for less than 10 per cent of the wheel tax. If all the 20-ton trucks moved out and 5% of the plate fees were assessed for the remaining vehicles, the revenue to the city would be much greater than the proposed ratio if they all stayed. Most of them are here to stay because this is where they are in business.

L. K. EMBRY

Editor's Note: We are not quite certain what the writer has requested here but the city estimates it will collect about \$30,000 from trucks with a wheel levy ranging from \$6 to \$10 on those vehicles. The approximate 38,100 autos in Lincoln will produce an estimated \$190,500 with the \$5 levy on each of them. In 1957, the city collected \$361,000 from state gasoline taxes and auto registration fees but this has no bearing on the wheel levy program and there is no breakdown available as to how much of this came from trucks and how much from autos.

Trucks' Tax Share

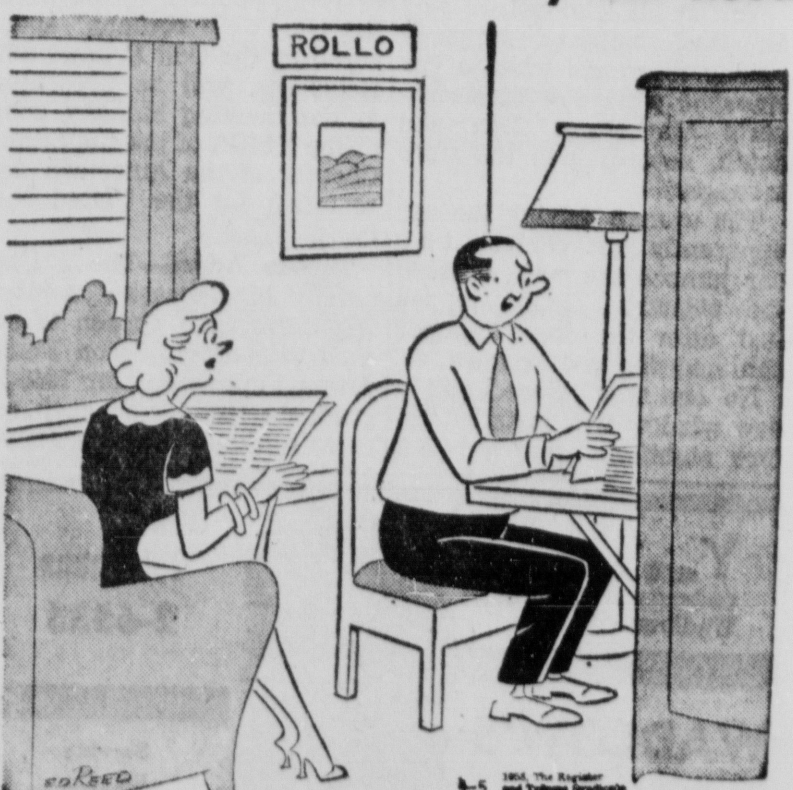

Lincoln, Neb.

To the editor of The Lincoln Star: I am not the least bit impressed by the figure our City Council furnished a local news reporter. Would the editor please ferret out the complete figures so every fair-minded citizen can figure the comparison of auto and truck revenue for himself?

If there are 4,000 trucks of all sizes in Lincoln, then there are about 43,000 autos, because the total is 47,000-plus. City officials estimate plate fee and fuel tax of 4,000 trucks amounted to \$361,000 in 1957, so the wheel tax alone on these 43,000 autos would be \$215,000. And by conservative figures if the Council's estimate of \$361,000 is correct for trucks, then auto owners paid about \$2 million, because trucks' cause we forgot to pay a bill!"

OFF THE RECORD

By Ed. Reed

"Seems like every time we get any money saved it's because we forgot to pay a bill!"

Northern Hemisphere Getting Heavier Dose Of Fallout; AEC Says It's Not Dangerous

The Lincoln Star 5
Saturday, April 5, 1958

New York (AP) — Weather patterns are giving the northern United States more radioactive fallout than the rest of the nation, an Atomic Energy Commission spokesman said Friday.

Merrill Eisenbud, regional manager for the AEC, said too that the northern hemisphere was getting a heavier dose of radioactive fallout than the southern hemisphere, due partly to location of nuclear blasts.

But nowhere, he said, was fallout approaching dangerous levels.

The shift of winds gave some cities like Salt Lake City, Boise, Idaho; and Grand Junction, Colo., a heavier fallout than other southerly areas. This was indicated by the collection of radioactive dust on gummed plastic strips placed in those areas.

New York City and other cities in the northeastern U.S. got heavier fallout doses than some southern cities because of a combination of winds and rain and snow.

Rain Samples
These measurements

showed up in collected samples of rain and snow.

High altitude winds, blowing the debris of atomic explosions, scatter it mostly in the northern hemisphere.

Eisenbud and others at the AEC's health and safety laboratory here spoke at a news conference, giving details of a regular semi-annual AFC fallout study released earlier Friday.

Raw data on fallout is not necessarily the best measure, however, Eisenbud said. Some radioactive isotopes are more dangerous than others.

Eisenbud explained it this way:

Strontium 90, formed in the fireball of an atomic explosion, closely resembles calcium. Calcium is a mineral needed for human growth, as a major part of the human skeleton.

As calcium is absorbed from the soil into plants, some radioactive strontium is also absorbed. Some plants are eaten by humans and the radioactive strontium is partially accepted into bone structure in lieu of calcium.

Some plants are eaten by

cows, and part of the strontium 90 eventually gets through into the cow's milk. Some of this eventually is ingested by human beings and becomes part of human bone too.

Eisenbud said that beyond a certain level the AEC believes this radioactive strontium could cause cancer of the bone and other diseases. Since it retains its radioactivity for a long while, strontium 90 has a cumulative effect which can make it a danger especially in the growing bones of children.

However, the level of strontium 90 in milk as monitored by the AEC, is not expected to get any higher than 20 or 30 strontium units by the year 2,000. The AEC has a safety level of 100 strontium units which it says is only a tenth of what some consider the safe maximum.

After the year 2,000 the AEC expects the cumulation of strontium 90 to level out because existing strontium 90 will be losing its radioactivity by then as fast as new strontium 90 replaces it.

Nebraskans Urged To Voice Views On Taxes, Spending

Nebraskans have been urged to let their elected representatives know "how they feel about some of the spending and taxing Congress is considering."

With members of the congressional delegation returning home for Easter, Fred W. Lentz, president of the Nebraska Citizens Council, recommended the citizen action.

Sounds from Washington seem to indicate Congress is courting inflation, he said.

"At first, all we heard was of the billions that had to be spent to catch up with Russia and its Sputniks," he commented.

"Then our satellite orbited. Since then all we have heard is the sound of billions that must be spent to cure the present recession."

Lentz said the Citizens Council urges Congress to spend what is necessary for defense, to cut out less essen-

tial spending, to avoid inflationary deficits and to cut taxes "as soon as we can really afford to do so."

The council does not seek a tax cut "at the risk of further inflation," he said.

3 Americans Die In Naples Crash

Naples (INS) — Three Americans were killed Friday when a twin-engine Beechcraft they were delivering to a buyer in Ceylon crashed in flames near Naples' Capodichino Airport.

Airport officials identified the pilot as Claude W. Palmer, 46. His wife, Vivian, 43, and technician Jack A. Paul, 31, also were aboard.

The plane flew to Naples from Lisbon after a flight from Wichita, Kas., Thursday.

April 15 Deadline Set For Cropland Reserve Program

April 15th is the last day farmers can sign up for the 1958 Conservation Reserve program, according to Dale E. Nelson, chairman of the Lancaster ASC committee.

Nelson said that 25 farmers in Lancaster County have already placed all or part of their farms under contract for periods varying from 3 to 10 years.

Under the Conservation Reserve — the long phase of the soil bank program — farmers contract to divert general cropland to soil, water, forestry and wildlife conservation practices for periods of 3, 5, or 10 years.

Man Given 3 Years For Rape Attempt

A 49-year-old Lincoln man was sentenced to 3 years in the State Penitentiary on an attempted rape charge only 9 hours after he allegedly committed the crime.

Isadore E. White of 704 No. 22nd pleaded nolo contendere (no contest) to a charge of assault with intent to rape, and was found guilty and sentenced to prison by Lancaster District Judge Harry A. Spencer.

He was arrested shortly after midnight after a 19-year-old married woman reported he molested her in her home. Police said he threatened the woman with a razor.

IF YOUR ANSWER IS "YES"

1. Do you believe in the brotherhood of man, irrespective of nation, race, or creed?
2. Do you believe that "religious truth," to be acceptable, must be in harmony with the truth in every other field—science included?
3. Do you believe the primary responsibility for human progress rests upon man?

then you are professing Unitarian-beliefs

Chain and Bearing Set

Such a neat little table for the youngsters to use outdoors for picnics and for handcrafts as well. Table folds flat for carrying and for storing.

If the swing chains on your present gym set have begun to wear... these handy replacement chains will make it good as new!

Man Slain, Woman Knifed At Omaha

Ladder Used By Intruder To Gain Entry

Omaha (AP) — Police Friday night were seeking a 27-year-old Negro for questioning in the slaying of an Omaha man and the knifing of a woman early Friday.

Police said the man, whom they emphasized was at this stage wanted for questioning only, had been arrested previously in connection with attacks on women. He is an ex-convict, officers said.

No charges have yet been filed.

The slaying was at a north Omaha apartment entered by an intruder who used a ladder to reach a first floor window.

The dead man was identified as John Welts Gary, 31, a Negro civilian employee at Offutt Air Force Base.

Suffers Wound
Janice McCaw, 26, in whose apartment the knifing occurred, suffered finger and thigh wounds she said were inflicted as she struggled with the man before he forced her to submit to him.

Miss McCaw, an occupational therapist at a hospital is the daughter of Arthur B. McCaw, now in government service in Korea. McCaw, as one-time state budget supervisor, was one of the first Negroes ever to be appointed to a high state office.

Police quoted Miss McCaw as saying she was awakened by a struggle between Gary and the intruder and saw Gary fall to the floor stabbed. She said she screamed and started fighting with the intruder but stopped resisting when he said "shut up, or you'll get what he got."

Police said she quoted him as saying: "You ignored me 3 years ago. I liked you but you paid no attention to me."

She said the man attacked her, bound and gagged her with strips torn from a bed sheet and left by the front door. She managed to roll onto the floor and knock a telephone off a small stand. She managed to dial the operator and screamed for help.

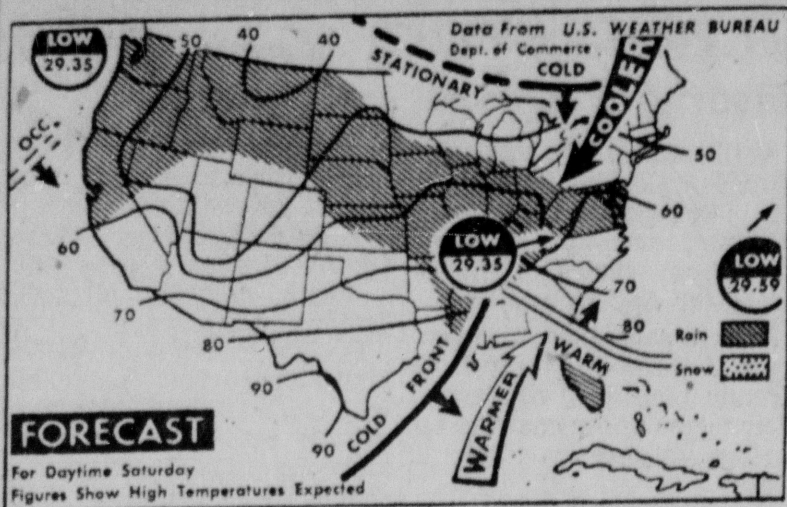

Nebraska Firm Low Bidder On Line Work

Loveland, Colo. (AP) — The Crawford Electric Co. of North Platte, Neb., was apparent low bidder for relocation of about 4.6 miles of the Greeley-Beaver Creek and Beaver Creek-Sterling 115-KV transmission line.

April Showers Seen For Many Areas

Showers or thundershowers are due Saturday in Florida, the southern portion of the mid-Atlantic states, in the Ohio, Tennessee and middle and lower Mississippi Valleys and in the Pacific Northwest. Some rain or drizzle is forecast for northern and central California and the northern plains. Generally fair weather is due for the rest of the nation. (AP Wirephoto Map)

Bantam Hen Serves As Baby Sitter To Her Friend's Family Of 4 Kittens

Grand Island, Neb. (AP) — A mother cat on the Leonard Shipman farm northeast of Omaha, a small community north of Grand Island, has found a most unusual baby sitter—for a cat.

The baby sitter is a bantam hen. The friendship started a day before the kittens were born. The cat, of doubtful ancestry, went into a hay loft to have her kittens, and spotted a nest where the hen was sitting on some eggs. She

\$75,000 Suit Will Be Filed

Omaha (AP) — The law firm of Warren Schrempf and David Lathrop of Omaha is planning to file a \$75,000 civil suit in District court at Ogallala next week in connection with the electrocution death of 15-year-old George Schneider of Ogallala.

The Schneider boy was killed when he touched an electrified fence owned by Lamoin Meyer, 35-year-old farmer. Meyer was acquitted recently of second degree murder in connection with the death. Lathrop said Albert Schneider, the boy's father, has been appointed special administrator of the estate of the boy and has been authorized to file the suit against Meyer. He said it will be filed next week. Lathrop and Schrempf represent Schneider.

An earlier story erroneously stated the suit had already been filed.

Zajcek Assumes Postmaster Duties

Lincoln Star Special
Wilber, Neb. — Eugene Zajcek assumed his duties as acting postmaster of the Wilber Postoffice after being sworn in by L. D. Moore of Lincoln, inspector.

Born and reared in Wilber, he served in the U. S. Navy for 4 years. He is an active civic worker.

Harrison Urges Government Buy Corn For Alcohol

Washington (AP) — A proposal that the government buy wet corn at about \$1 a bushel and contract with distillers to process the grain into industrial alcohol was placed before the Department of Agriculture by Rep. Harrison (R-Neb).

Harrison said he was encouraged by the response of True B. Morse, Agriculture Department undersecretary, and Marvin McLain, an assistant secretary.

The Nebraskan is seeking to get legislation approved by the House Agriculture Committee for reopening of the Omaha alcohol plant. But, he said, if he succeeded in getting the plant reopened in the near future it could handle but about 7 million bushels of corn this year.

Youth Admits Attempting To Burn School

Cambridge, Neb. (AP) — A 13-year-old boy has admitted attempting to burn down the Cambridge grade school, Police Chief Bob Wright said. The attempt was unsuccessful as the pile of ignited books and paper burned itself out for lack of air.

Furnas County Sheriff Ward McTaggard said the boy signed a statement admitting the attempt.

Wright said the boy has a record of past juvenile offenses. He said the boy climbed up the fire escape of the grade school and entered a second story classroom where he stacked books and papers on the teacher's desk and set fire to them. The fire burned itself out because it could not get enough air in the enclosed room, investigating officers theorized.

New Faces Victors At Loup City Polls

Lincoln Star Special
Loup City, Neb. — Voters in Loup City put in a whole new slate of city officials with the exception of City Clerk Fred Sherman who has been in that post for 10 years. Other officers named were William Scharnow mayor who defeated Dr. C. G. Amick; Ed Bazant, city treasurer; and Max Cook and Murel Hensley, councilmen.

Wahoo Group Backs Res on Wage Stand

Wahoo, Neb. (AP) — The Wahoo Chamber of Commerce has sent a telegram to Nebraska Senators Roman Hruska and Carl Curtis, both Republicans, endorsing the position of State Engineer L. N. Ress who has opposed wage rates set by the U.S. Department of Labor to be paid some categories of workers on construction of Interstate Highway One in Nebraska.

Party With Forward Look Needed—Brooks

McCook, Neb. (AP) — Ralph Brooks of McCook, candidate for the Democratic nomination for governor, urged Nebraskans Friday to elect "a party with a forward look." In a statement, Brooks said "in a period of greatest development in America, state Republicans have adopted a policy of retrenchment and lost its population."

Gift Of Planetarium Addition To Hastings Museum Revealed

Hastings, Neb. (AP) — J. M. McDonald Jr., president of the J. M. McDonald Foundation, and Clarence Hide, chairman of the Hastings Museum and Library Board, announced an agreement Friday to construct and furnish a planetarium at the Hastings Museum, known as the "House of Yesterday."

The foundation, established by the late J. M. McDonald, head of the J. M. McDonald Co., which operates 100 retail dry goods stores in the Midwest, West and Southwest, is making the gift to the city of Hastings.

The planetarium will be the only one between Lincoln and Denver. Lincoln only recently opened up a new planetarium at the University of Nebraska, a gift from the Ralph Mueller Foundation of Cleveland. Others are at Cherokee,

Nebraskans' Vote Recorded

Washington (AP) — How Nebraska members of Congress were recorded on recent roll call votes:

House
On adoption, 272-98, of amendment providing \$750,000 for expenses of Civil Rights Commission in appropriation bill for executive offices: For — Cunningham, Harrison, Miller, Weaver.

Senate
On passage, 52-11, of compromise bill authorizing 1½ billion dollar program of flood control and navigation projects: Against — Curtis. Not voting — Hruska.

Omaha Girl Receives Nursing Scholarship

Omaha — A junior student at the University of Nebraska School of Nursing has been named the winner of a \$150 scholarship by the Nebraska Federation of Women's Clubs. She is Carol Elaine Raddle, daughter of E. W. Raddle of Council Bluffs and Mrs. Doris Raddle, of Omaha.

The award is made to the junior nursing student on the basis of her high scholarship record.

SUBURBIA

Have to haul out our magic carpet this morning for we really have to travel if we're ever going to catch up on all the news of spring vacationers and visitors in Park Manor.

Really can't think of any more delightful spot to live than on a tropical isle, and though for most of us the possibility of such a thing is destined to remain a day dream, it is soon to become a reality for Mr. and Mrs. Ralph Peterson and their family.

Mr. Peterson will be leaving Lincoln the middle of April for Honolulu, Hawaii, where the family will be making their new home. Mrs. Peterson and her children, Diane, Jim and Pat, plan to join Mr. Peterson the first of June.

On our list of vacationers this morning are Mr. and Mrs. Robert Newell who, accompanied by their daughters, Judy and Barbara, left Park Manor on Friday bound for Denver where they will visit their son, Robert Newell, Jr., and Mrs. Newell's brother and sister-in-law, Mr. and Mrs. Leo Doerr.

During the weekend the Newell family also will visit Mr. Newell's fiancée, Miss Shirley Newman, and her parents, Mr. and Mrs. Claude Newman, at their home in Ft. Collins.

Last weekend Maj. and Mrs. Clinton Kimsey were the house guests of former Lincolnites, Lt. Col. and Mrs. H. Leonard Jacobson, Jr., and their children, Grant, Lorri and Linda, in Salina, Kan.

Both Col. and Mrs. Jacobson were graduated from the University of Nebraska where Col. Jacobson is a member of Sigma Alpha Epsilon fraternity. Mrs. Jacobson, will be remembered as the former Betty Klopp, Kappa Alpha Theta at Nebraska.

Capt. and Mrs. Everett Terry and their children, Kathy, Tommy and Kenneth, returned home the first of the week after a week's visit with Mrs. Terry's parents, Mr. and Mrs. Jack Brown of Hamlet, and Capt. Terry's parents, Mr. and Mrs. John Terry, at their home in Denver, Colo.

Colorado was also the va-

Zipettes

The monthly meeting of Zipettes, an organization for the wives of Xi Psi Phi dental fraternity members at the University of Nebraska, will be held on Tuesday evening in the lounge of the Foods and Nutrition Bldg., College of Agriculture.

During the meeting, the group will elect officers.

Had Friday Wedding

MRS. RAY MILLER

The marriage of Miss Ruth Marie Detweiler, daughter of Mr. and Mrs. Jake Detweiler of Milford, to Ray Miller, son of Mr. and Mrs. Milton Miller, also of Milford, took place at a 7 o'clock ceremony on Friday evening, April 4, at the East Fairview Mennonite Church. The Rev. William R. Eicher, grandfather of the bridegroom, read the lines of the service before a background of spring blossoms, and a male quartet, composed of Lorne Kremer, Don Kreiner, Clifford Miller and Cloy Rice, sang the wedding music.

Mrs. Leon Detweiler, the matron of honor, and Miss Twila Oswald, the maid of honor, wore alike frocks of white embroidered crystal-ette, sashed with blue chiffon. Each carried a cascade bouquet of blue carnations.

cation spot chosen by Capt. and Mrs. Louis Roseling recently when they were the guests of Mrs. Roseling's parents, Mr. and Mrs. S. J.

Neuner, at their home in Canon City. The couple and their daughter, also visited friends in Pueblo before their return home.

We Hear That

Word has been received in Lincoln of the birth of a son, Richard Bruce, on Wednesday, March 12, to Mr. and Mrs. Richard W. Ryman of Denver. The young Mr. Ryman has two sisters, Carol Sue and Luanne, and his grandparents are Mrs. Pauline M. Ryman of Detroit, formerly of Lincoln, and Mr. and Mrs. Stewart Leese of Lincoln. Mrs. Ryman, the former Marjorie Leese and an Alpha Phi at the University of Nebraska, Mr. Ryman and their children plan to move into their new home in southwest Denver early in May.

DAR Names New Officers

The annual spring luncheon meeting of Deborah Avery Chapter, Daughters of the American Revolution, was held Friday afternoon at the Hotel Cornhusker followed by a program of spring fashions given by members of the Junior Division and their children.

Mrs. H. Clyde Filley was elected regent of the chapter, and other new officers, pictured with Mrs. J. E. McLafferty, outgoing regent who showed films taken on her trip to DAR Approved Schools in Tennessee last fall, are (seated, from the left) Mrs. Filley; Mrs. Mc-

Lafferty; Mrs. T. H. Gooding, chaplain; Mrs. Levi Gay, recording secretary; and standing, Mrs. Carl J. Olson (left), advisor; and Mrs. William Folger, second vice regent. Not shown is Mrs. Guy M. Harris, who

was named first vice regent.

Board members who continue in office are Mrs. W. E. Orley, registrar; Miss Edith Hilton, corresponding secretary; Mrs. P. E. Hall, custodian; and Miss Lulu F. Abbott, treasurer.

Playing The Waiting Game

Every Air Force wife at frequent intervals in her "career" knows what it is to wait. Her husband may be here today and in Afghanistan tomorrow, but the time passes quickly with a round of coffees and bridge sessions filling her date book.

On Thursday evening Mrs. John Reeder entertained a group of friends at a dessert bridge at her home in Eastborough, and the hostess and majority of her guests are playing the waiting game while their husbands, members of the 343rd squadron, are TDY in Germany.

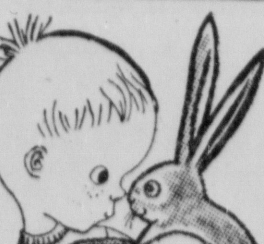

KAT Guest

The Lincoln alumnae of Kappa Alpha Theta will go to Omaha next Tuesday to be the guests at luncheon of Mrs. Marvin Schmid, a former province officer of the sorority.

Honored guest at the luncheon will be Mrs. Dorothy W. Kuehn of Sioux Falls, S. D. newly appointed alumnae district president, who will accompany the alumnae back to Lincoln where she will be the houseguest of Mrs. John T. McGreer, Jr.

On Wednesday morning, Mrs. Kuehn will be honored by the alumnae advisory board at a coffee to be held at the home of Mrs. Harry Meginnis. Wednesday afternoon, alumnae club officers and members of the corporation board will entertain for the out-of-town guest at a luncheon at the University Club.

From Lincoln, Mrs. Kuehn will go to Beatrice on Thursday to assist with the organization there of an alumnae club of the sorority.

Town Talk

—heard some news this morning that will be of interest to many Lincoln groups including, especially, Delta Gamma alumnae. We learned that Roma Ridnour Hiatt is returning to Lincoln to reside—and that she and her mother, Mrs. J. C. Ridnour, will have an apartment.

Mrs. Hiatt's new territory (she is associated with a school text books company) includes Nebraska and Kansas—hence the move to Lincoln.

—the morning brought news, also, of more Easter travelers—Mr. and Mrs. Frank E. Roehl, their son, John, and

their daughter, Eleanor, left on Friday for Colorado Springs for a Saturday-to-Thursday stay at the Broadmoor.

—from Atkinson this morning has come an announcement that will cause the Nebraska chapter of Kappa Kappa Gamma to hurry out and polish up another key. A brand new legacy, Audrey Jo Goetschall, arrived on Thursday,

April 3. Miss Audrey Jo is the daughter of Mr. and Mrs. E. J. Goetschall, and her mother is the former Jayne Carter, daughter of Mr. and Mrs. Earl Carter of Lincoln. Mr. and Mrs. E. E. Goetschall of Atkinson are the paternal grandparents. Sharing all of the excitement concerning the new member of the family are Audrey Jo's brother, Clark—and her sister, Ellen.

CHATTER In The CORRIDOR

By BEV HOGAN

Spring seems to have arrived finally—at least we hope so. But what ere the weather be, spring sports at Lincoln Northeast are well under way.

The track team won their opening meet over Lincoln Southeast and fell to Fremont by one point in their second. The golf, tennis, and baseball teams all begin their regular seasons within the next week. The golfers were scheduled to meet Beatrice this week; the tennis team lost its first match Monday, and the baseball team opens against Boys Town April 15.

All athletes will be honored at the first All Sports banquet to be held at LNE April 11. Tickets are on sale now so get yours real soon and let's make our first All Sports banquet one to remember. The theme of this semi-formal affair is Spring—sounds gay and colorful, doesn't it? The king, queen, and their attendants, to be presented at the banquet,

will be chosen from these candidates selected by N club and Pep club: King—Roger Bailey, Rich Luft, Rich Smith, Jan Wall, Gene Smith, and Gerry Evans. Queen—Gaylen McCreight, Sharon Grosseohme, Kay Strauss, Sharon Fazel, Judy Lebsack, and Judy Coburn.

Ingrid Sandall is the lucky one chosen to represent LNE as an American Field Student. She does not know as yet to which country she will be going but wherever it is it will be a wonderful experience and she will be a real good representative. Congratulations Ingrid!

Surprise birthday parties seemed to be the thing during spring vacation. Rockie Jorgensen was hostess at a surprise party for Larry Eichelberger on Friday evening. Jeanie Patterson and several couples gathered for the same purpose on Thursday evening to honor Tom Clare on his anniversary.

A Guest Threesome

Popular visitors in Lincoln are Mrs. Harold E. Maude—her young son, Harold E., Jr.—Pete, for short—and her daughter Susan who arrived Thursday from San Diego with Lt. Maude, USNR, to spend several days as the guests of Mrs. Maude's par-

ents, Dr. and Mrs. Merritt Pedersen.

Lt. and Mrs. Maude and their children now reside in San Diego, but the naval officer will be separated from the service in July or August, and will bring his family back to Lincoln where they will become permanent residents.

MADAM CHAIRMAN

MORNING

Girl Scout Camp Catron reunion, 11 o'clock at Boy Scout Camp Minis Kuya.

AFTERNOON

Chapter DM, PEO, 12:30 o'clock luncheon at the home of Mrs. E. B. Reed, 900 Piedmont.

Dear Abby . . .

Names Bothersome

Abigail Van Buren

DEAR ABBY: I have asked my girl to marry me and she said yes. Our problem is that she is very superstitious and does not want to be married in Tombstone, Arizona. She says she does not want that name on her marriage certificate. I know it is silly, but what can I do about it?

FROM TOMBSTONE
DEAR FROM: Take her to Phoenix to get married . . . but for heaven's sake, if she's superstitious, don't take her to Death Valley for a honeymoon.

DEAR ABBY: I am 19 years old and a junior in college. I have a pretty face (people tell me) but I have trouble getting dates because I have prematurely grey hair. When I am out with a boy I feel that people

think he is out with his mother. Some friends tell me to dye my hair and others say leave it alone. I would like your advice. GREY GIRL

DEAR GREY: Most people like "natural" hair. . . but if YOU think your grey hair is a handicap, why not dye it? If you don't like the results, it's not forever, you know.

DEAR ABBY: The other day I read your column and a cat owner said she owned a "thoroughbred Siamese cat." Abby, I am sorry to say but my father says there is no such thing as a thoroughbred cat and he is a vet and he ought to know. It is just like saying a Holstein horse. A thoroughbred is a breed of horse. Thank you. VET'S DAUGHTER

DEAR ABBY: I have nine children and work very hard, raising them with no hot water in the house. I chop my own wood and can all my own vegetables and fruits and also run some of the seasonal farm equipment. We have 200 layers and four milkers which I

care for. I have fed as many as 14 farm hands at once. My problem is that my husband will go out and stay all night. He says no other woman could take my place. Should I believe him?

JEALOUS
DEAR JEALOUS: He could never find another woman GOOD enough to take your place. Believe him!

DEAR ABBY: We have a canasta club and this one woman appoints herself to keep score and count the cards after every deal. We don't like to say anything to her because once something was mentioned and if dirty looks could kill, we all would have dropped dead. How can we get this lady out of the position she is now in without breaking up the club? It's no fun anymore.

CANASTA PLAYERS
DEAR PLAYERS: If the club is no fun anymore, maybe you ought to break it up and form one that is. You will all be pushed around as long as you permit it.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

HERE'S what you've been asking for!

NEW Triple Turf Tonic

LINCOLN LAWN and GARDEN FERTILIZER

Controls Crabgrass
Controls Insects
Feeds Your Lawn
3.45% Chlordane

Now, high analysis (16-8-4) Lincoln Lawn and Garden Fertilizer is available in new Triple Turf Tonic to do three jobs in one. Just one application of this fertilizer with chlordane in it at recommended rates in the fall or early spring will keep crabgrass from sprouting; controls grubs, ants, chiggers and other insect pests; and give your lawn a balanced feeding of nitrogen, phosphate and potash plus mineral and vitamin elements.

BASILIO'S FUTURE CLOUDED

2nd-Nine Comeback Keeps Venturi On Top In Masters

Patton, Maxwell Hold 2nd Halfway Point Reached

Augusta, Ga. (AP)—Ken Venturi, an indomitable scrapper staged an almost unbelievable comeback at Augusta National Friday and retained his one-stroke lead at the half way point of the 22nd Masters golf championship.

Venturi, after using up 40 strokes on a first nine that was as wretched as the Georgia weather, came back with birdies on the last three holes and a four-under par 32. That gave him even par 72 for the day and a 36-hole total of 140.

But Ken's brilliant performance couldn't dim the lustre of his playing partner, the irrepressible amateur Billy Joe Patton, who fired a second round of 69 and tied for second place at 141 with Texas pro Billy Maxwell.

Between them, Venturi and Patton have been responsible for two of the greatest amateur feats in Masters history. Friday they both lived up to the billing they gained when Billy Joe trailed Sam Snead and Ben Hogan by only a stroke in the hectic 1954 Masters and when Venturi lost by a stroke to Jackie Burke in 1955.

Tied for fourth place, two strokes off the pace, were Stan Leonard, 41-year-old Canadian pro who has a lock on Canada's PGA championship, and silver-haired Bo Wininger, who plays from Odessa, Texas, Maxwell's home town.

Bracketed at 143 were Sam Snead and Cary Middlecoff, both former winners of the Masters, ex-PGA champion Chick Harbert and Art Wall Jr., Arnold Palmer and Dow Finsterwald, representing the younger generation of pros.

Maxwell and Leonard shot 70s Friday on the kind of day when sub par scores were exceedingly scarce. Finsterwald had a 71, a score matched by defending champion Doug Ford. With a 145 total, Ford still wasn't entirely out of the running.

Some of the best failed to make the final 36 holes as the field was slashed about in half for the final 36 holes. Out of the running were U.S. Open champion Dick Mayer, amateur champion Hillman Robbins, 1956 masters winner Jackie Burke, Mexico's Robert De Vincenzo and Japan's Koichi Ono, among others.

Forty three players who made 36 hole totals of 149 or better survived the cutoff. There were just 86 starters in this year's Masters, due to tightened eligibility requirements. Only the low 40 and ties for 40th place were permitted to continue.

Ben Hogan, one of the all-time greats who missed the cutoff when it was first instituted last year, barely made the grade with a 72-77-149.

(Scores of all the Masters' entries on Sports Page 13).

BEN HOGAN FORGOTTEN MAN DURING THIS YEAR'S TOURNEY

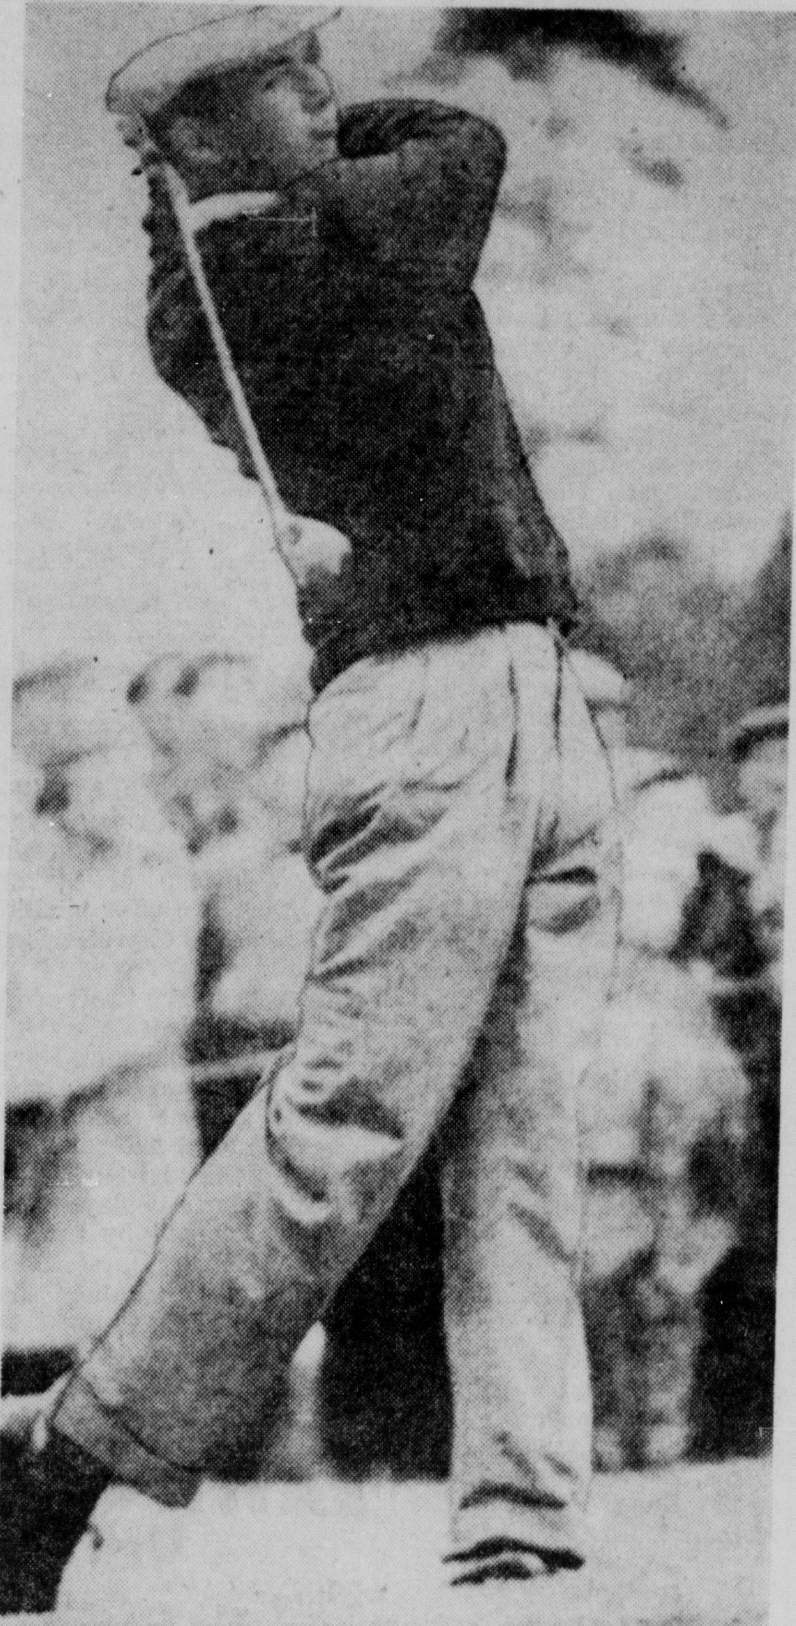

Augusta, Ga. (AP)—Ken Venturi had just staged a birdie-birdie-birdie finish to retain his Masters tournament lead by one stroke.

Some two score sports writers surrounded him in the clubhouse for a post-mortem on his strange, 40-32-72. From the rear of the crowd came a familiar voice:

"What's this? A wake?" The jest came from the man Venturi is expected to replace as golf's foremost player — the little Texan, Ben Hogan.

Once the most feared man on the links, Hogan used to be the center attraction at the mass interviews.

But this time he wandered around aimlessly on the fringe of the question-popping

Venturi . . . rallied on back nine. (AP Wirephoto)

Kid Gavilan Whips Tiger

Philadelphia (AP)—Cuba's Kid Gavilan, showing flashes of the form which once earned him the welterweight title, outpunched the veteran Ralph (Tiger) Jones of Yonkers, N. Y. Friday night to win a split 10-round decision at the arena. Gavilan weighed 155, Jones 155½.

Gavilan took another step on what he hopes is the road back to title contention by the simple expedient of landing oftener and more telling blows in the nationally televised fight.

The 32-year-old Cuban belied his age as he kept the pressure on the rugged Jones with slashing bolo punches in this third meeting of the two veteran campaigners.

Gavilan won over Tiger back in 1953 and lost to him last February at Miami, Fla.

The two judges, Jimmy Mina and Nate Lopinson scored Gavilan the winner, Mina 47-44, and Lopinson 47-43. Referee Joe Sweeney awarded Jones the decision 46-44. The Associated Press scored it for Gavilan 49-41.

Gavilan appeared in excellent condition as he moved lively around the ring picking Jones' defense apart with a hammering body attack to earn the rubber match in the series between the two.

Neither man was marked al-

though Gavilan twice hurt the New York puncher with whistling bolos, one in the fourth and the other in the sixth round, both, to the chin.

Gavilan, who picked up his 106th victory against 29 defeats and six draws since turning pro in 1943, may have qualified for a shot at Garnett (Sugar) Hart, the National Boxing Association's fourth-ranking welterweight. Promoter Herman Taylor, who did not announce the obviously small crowd and gate for this Good Friday show, had promised the Cuban a bout with the promising Hart if he could take Jones.

Gavilan started slowly but neither man did much damage in the first round. Jones landed the best early punch, a sneaky right to the Cuban's chin.

Gavilan seemed to catch fire after Referee Sweeney warned him early in the second round for hitting low. From this point on he concentrated on a slashing body attack, occasionally whipping a solid right hand to Jones' chin. Jones' best work was in close and with a short, chopping right with which he occasionally landed on Gavilan's jaw.

The defeat for Jones was his 22nd against 45 victories and four draws.

newsmen. He was hardly noticed. Hogan moved around the crowd, kid- dingly seized a pencil and paper from one of the reporters and edged to the front until he almost faced Venturi.

"What did you shoot on the third hole?" Hogan asked, writing imaginary words on the pad.

Venturi looked at the master he admires so much, smiled wanly, but, apparently flustered, he had no quick reply.

Then Hogan returned the pencil and pad to the owner and moved back into the shadows.

Someone asked if he had any particular trouble spots.

"Yep, 18 of them," Hogan said.

Then Ben spied 1956 Masters winner Jackie Burke Jr. across the room. Burke failed to make the cut with his 74-77-151.

"I'd sure hate to have to play this game for a living, wouldn't you?" Hogan asked.

Chiefs Expect Record

Dollar Income At New High

By Don Bryant

The Lincoln Chiefs seem assured of at least one record in their 1958 pre-season ticket drive, sponsored by the civic clubs.

General manager Dick Wagner said Friday night that "we'll have a record dollar income even if we don't go over the 38,000 ticket mark."

The ticket figure Friday night edged over the 30,000 notch and there are still some 100 workers who have not reported. Also unrecorded yet are mail orders and store sales. Indications are that the drive will net somewhere between 35-38,000 tickets in circulation before the season opens on April 24.

Wagner announced that the check-in booth at the Hotel Cornhusker will be manned through Saturday noon. After that check-ins must be made at Sherman Field.

Elmer Reiling of the Optimists rates the "honesty" award for the 1958 campaign. In the initial report, he was listed as the club champion — and the winner of a trip to Kansas City — but Reiling informed Wagner he was credited with 13 more books than he actually sold.

So Howard Spahnle became the Optimist winner.

The individual club winners, all of whom win a trip for 2 to Kansas City to see the Athletics play either Boston or New York:

Louis Claims Floyd Shouldn't Pick Foes

San Francisco (AP)—Joe Louis paid Floyd Patterson a rich compliment Friday and then took a verbal punch at the heavyweight champion for what Louis called "picking his own opponents."

Louis came here for Wednesday night's scheduled 12-rounder between Eddie Machen, the No. 1 heavyweight contender, and Zora Foley, ranked No. 2.

"They say I had speed," Louis said at a news conference, "but Patterson is faster. He's got the fastest pair of hands of any fighter that's ever been around."

"No one is going to beat Patterson for 10 or 12 years," Louis said, "but I don't think they should let him get away with picking his own opponents."

The "they," he said, includes the National Boxing Assn., the World Boxing Federation and the New York State Boxing Commission.

"Patterson should have to fight the winner of the Machen-Foley fight," Louis added.

Gus D'Amato, Patterson's manager, has ruled out Machen as a challenger on grounds he had a chance at the title once and turned it down. D'Amato is at war with the International Boxing Club, an organization of which Louis is boxing director.

D'Amato hasn't said much about Foley but the Wednesday night Cow Palace fight is a co-promotion of the IBC.

NEBRASKA TENNIS TEAM COLLECTS FIRST VICTORY

Tulsa, Okla. (AP)—The Nebraska tennis team defeated Tulsa University Friday to gain its first win of the season against four defeats.

The visitors swept three singles and a double set to win the closely contested match.

The final doubles set determined the winner with

Discus Best Bettered

Stanton — Season high marks in the broad jump and discus were set in the Stanton Invitational track meet here as Madison and Stanton tied for first place, each with 64 points.

Doug Gardels turned in by far the best broad jump of the season with a leap of 22-0 for Battle Creek's third place team. Stanton's Charles Koopmann threw the discus 147-8 for the other high.

Battle Creek was third with 30½, followed by West Point, 25, Leigh, 15½, Wisner, 9½, Winside, 8, and Clarkson 7½.

The winners:
60 hurdles—Matthies, Stanton, 8:5; 100 hurdles—Battle Creek, 10:8; mile—Timm, Leigh, 5:06.2; 440—Hollnsher, Madison, 56.5; 100 low hurdles—Matthies, Stanton, 12.5; 220—Gardels, BC, 24.4; 300—Kreitman, Madison, 2:09.2; 880 relay—Madison, 1:40.8; mile relay—Stanton, 3:51.2; Freshman 440 relay—Clarkson, 54.1.
Shot—Koopmann, Stanton, 45-3½; high jump—Gardels, BC, 5-6; discus—Koopmann, Stanton, 127-8; pole vault—Kreitman, Madison, 10-5; broad jump—Gardels, BC, 22-0.

Yankees Drop Johnson, 8 Other Rookies From Roster

St. Petersburg, Fla. (AP)—The sad news was handed out to nine new rookies by the New York Yankees Friday.

The American League champs shipped out the nine, including outfielder Deron Johnson, on option to their minor league affiliates. All but Johnson, the 19-year-old early "phenom" of spring training, were sent back to their 1957 clubs.

Johnson was shifted to Richmond of the Triple A International League along with pitchers Ed Dick, Jim

Basilio Can See Again

Carmen Basilio's left eye, which was swollen closed during his fight with Sugar Ray Robinson, appears to have returned almost to normal except for slight discoloration. Basilio has now been released from a Chicago hospital. (AP Wirephoto)

Ex-Champ Sure He Can Whip Sugar

Chicago (AP)—Dethroned middleweight champion Carmen Basilio left a hospital and his unlucky fight city Friday, uncertain of everything except he could lick Sugar Ray Robinson if they meet again.

Basilio was snappy and chipper in a news conference following his discharge from Chicago Wesley Memorial Hospital. He needed a 9-day treatment of an eye Robinson pummeled into a black pullet egg-sized mess when Sugar Ray dethroned him here March 25.

Basilio said it would take a week or two before he decided whether:

1. To seek a rubber match with Robinson.

2. To retire, as his wife, Kay, would like him to do.

3. Or to contemplate regaining the welterweight title he vacated last Sept. 23, when he took the middleweight crown from Robinson in New York.

Basilio, who now has been stripped of both the welterweight and middleweight titles in losing all of his four Chicago appearances, asserted that:

"If my eye didn't get hurt, I think I would have stopped Robinson."

Although observers and movies disagree, Basilio said his left eye was injured by a Robinson punch in the fourth round and was shut tight in the fifth round.

Films indicate a right uppercut by Sugar Ray late in the fifth round started the trouble and the eye ballooned as the sixth round started.

"It's my eye and I oughta know," said Basilio.

Although Basilio said he'd like to do some trout fishing in central New York before making future fight plans, he rose to the bait when somebody asked what would happen if he met Robinson in a rubber match.

"I'd like to fight him again," Basilio snapped. "I know I can lick him." He said it didn't make any difference where the fight was, even in this apparent Basilio jinx town.

Basilio was told by his doctor his banged left eye is now in good shape and that after a little rest he could go out training any time he felt fit.

Told some sort of welcoming celebration was planned at the Syracuse railroad station, Basilio blurted:

"At 7 in the morning. Those are crazy guys, they ought to be home in bed."

Joe Netro, one of Basilio's co-managers, said Basilio cancelled a scheduled week's appearance with Mickey Rooney at Las Vegas, Nev., beginning next Monday.

Kansas To Unveil Heralded Soph Cushman In Arkansas

Lincoln Star Special

Lawrence, Kan.—Bill Easton will unwrap his much-heralded sophomore, Cliff Cushman, for the first time since November Saturday when Kansas sends a full corps of entries into the Arkansas Relays at Fayetteville.

Hit by mononucleosis just after cross-country season, the versatile rookie from Grand Forks, N.D., has seen no competitive action since the NCAA harrier derby. He missed the entire Indoor season and the opening Outdoor action in last week's Texas Relays. He has been coming back slowly, clocking a :50.3 quarter and a 1:58.7 half in his only time trials to date.

Easton will run Cushman as leadoff for his Two-Mile team and may bring him back for

the opening quarter of the Sprint Medley.

Cushman was an eye-popping freshman. Tackling the 400-meter hurdles for the first time, he set a Kansas Relays record of :51.9, dethroning Kansas State's well-regarded two-time champion, Gene O'Connor. He set a conference Indoor yearling record of 1:54.6 then dipped to 1:51.1 outdoors, third-best clocking in the nation. He set a new school freshman mark of 4:11.6 in the Mile. He ran third in the NAAU 440 Hurdles earning a berth on foreign tour.

During that, he twice clocked :52.6 in the intermediate barriers and beat such

a notable as Lang Stanley with a 1:50.4 800 meters.

He can't be expected to provide such heroics Saturday, but the trial test will be interesting. If he passes it, the Jayhawkers will be in a position to present much stronger baton combines at the upcoming Kansas and Drake carnivals. They could pluck only one relay title at Texas, although scoring third to fifth in four others.

Thirteen Lettermen On Doane's Track Roster

Crete — Thirteen lettermen are on the roster for Coach Al Papik's Doane College track squad which opened its season with a narrow 68-63 win over Concordia of Seward. The 1957 Nebraska College Conference pole vault champion, Don Detlefsen, Gothenburg, will have to sit out the season because a shoulder operation has not mended sufficiently for competitive training.

The lettermen include: Harold Ramsey, Tecumseh, and Bill Lovetich, Clay Center, weights; Roger Barry, Grant, Don Michal, Bayard, and Keith Werner, Crete, hurdles; Terry King, Palmer, pole vault; Charles Pallesen, Ainsworth, and Lowell Zetterman, Shickley, distance events; and Harold (Swede) Graff, York, and Myron (Bud) Jasnock, Ogallala, sprints. Three freshmen who lettered the first semester in cross-country are

working out in the distance events. They are Jack Barker, Omaha, Ray Buell, Ashland, and Jim Miller, Ainsworth.

Other track prospects include: John Cartwright, Alexandria, Dick Moser, Dorchester, distance events; Jerry Hagaman, Crete, Jack Noragon, Exeter, and Clyde Volz, Friend, hurdles; Dwaine Hinkle, Ogallala, and Ed Melton, Ravenna, broad jump; Don Lidstrand, Omaha, pole vault; Noyes Rivers, Indian Orchard, Mass., high jump; and Keith Ahlschwe, Seward, Ray Best, Omaha, and John MacNeill, Alliance, weights.

The 1958 track schedule of the Tigers:

April 11—Midland; 17—at Midland Relays; 22—Creighton U.; 25—at Wesleyan Invitational; 30—Doane-Westleyan-Omaha at Omaha.

May 2—at Sioux City Relays; 6—Doane Night Relays; 12—Doane-Hastings-Westleyan at Hastings; 16—NAIA qualifying meet at Wesleyan; 23-24—NCC meet at Midland.

Eastern, Chicago Golf Meets Sub For Tam

Augusta, Ga. (P) — PGA president Harold Sargent said Friday the Eastern Open at Baltimore and a Chicago Open may replace the Tam O'Shanter world and all-American golf events canceled by George S. May. Sargent said he hoped to have definite word on both Sunday.

The Eastern Open, which will carry a minimum purse of \$20,000, was dropped from the schedule this year because the national PGA championship will be played in Philadelphia.

S. Claus, Can You Top This?

London (P) — Moscow radio said Friday a Soviet collective farmer won a 1,600 meters ski race towed by a reindeer in Murmansk.

The farmer's time, 3:03, was achieved in one of the main events of the 24th festival of the north — a winter sports "Olympics" beyond the Arctic Circle.

Dusty Rhodes Optioned

Phoenix, Ariz. (P) — Jim (Dusty) Rhodes, pinch hitting hero of the Giants' 1954 pennant drive and world series triumph, Friday was optioned to San Francisco's Class AAA Phoenix club of the Pacific Coast League.

The move came as no surprise after two seasons in which the 30-year-old outfielder hit .217 and .205 and a disappointing spring during in 11 times at bat in exhibition games.

Purdue Adds Miami

Lafayette, Ind. (P) — Purdue completed its 1961 and 1962 football schedules Friday with the addition of Miami of Ohio. The upset-marked series with Notre Dame also will be continued, a fixture as the first October game starting in 1959.

Whispell To New Post

Allentown, Pa. (P) — Muhlenberg College has announced the appointment of Ray Whispell, head football coach since 1956, as director of athletics.

Russell Won't Be At Full Speed

St. Louis (P) — The Boston Celtics faced the grim fact Friday their injured defender, Bill Russell, may be of little help against St. Louis tonight in the fourth game of the National Basketball Assn. championship playoffs.

The 6-10 rebounding genius continued to take physiotherapy treatments for his badly sprained right ankle.

Dr. Stan London, Hawks team physician, said that if Russell does play at all he'll be swathed in bandages.

Boston, behind 2-1 in the best-of-seven series, needs Russell under the boards to cope with Bob Pettit, Cliff Hagan and 6-11 Charley Share of the Hawks—all slick rebounders.

Even if Russell doesn't get into the lineup, the St. Louis team is aware that the classy Celtics won't fold.

They proved that Wednesday night by nearly erasing a 15-point deficit late in the game with Russell sidelined.

Three Lettermen On Doane Golf, Net Teams

Crete—There are three lettermen on both the Doane tennis and golf teams this year. Tennis lettermen are Tom Weathers, Ted Weldon and Vincent Ziboh. Golf lettermen are Rodney Buck, Don Anderson, and Roger Klopp.

Tennis schedule—April 11—at Omaha U.; 16—at Midland; 23—Hastings; 29—at Wesleyan; May 2—Omaha; 3—Concordia; 6—Graceland, Ia.; 10—Midland; 12—at Hastings; 16—NCC at Fremont.

Golf schedule—April 11—Doane, Hastings at Omaha; 16—Dana at Pioneer, Lincoln; 19—Concordia, Midland at Pioneer; 26—Westleyan at Pioneer; May 2—Doane, Creighton at Seward; 5—Hastings, Wesleyan at Pioneer; 9—Dana, Midland at Fremont; 12—Hastings, Kearney at Hastings; 16—NCC at Fremont.

Lincoln Wrestler Wins AAU Match

San Francisco (P) — Newt Copple of Lincoln (Neb.) Friday night outpointed Ben Northrup of the Olympic Club in an elimination bout for the championship round-robin of the National AAU wrestling championships here.

Loi Signs For Bout

Milan, Italy (P) — Duilio Loi, Italy's European lightweight boxing champion, Friday signed to meet Mexico's Al Nevarez in a 10-round bout here April 27.

Ticket Selling Champ Honored

Bob Ray (who is 72 years old) is giving the K sign for Kiwanis club for its victory in the ticket sales drive of the Lincoln Chiefs baseball team and for himself as top salesman. Ray won the TV set as his award. With him are (left to right) Howard Morris and Harold Nootz, drive co-chair-

man for the Kiwanis club and Bob Rohrbach who co-ordinated the ticket sales for the club. The tickets on the television set are upside down "because the paper called me 74, and I'm only 72" said Ray. (Star Photo)

Caroline Signs; To Play Offense

Chicago (P) — Halfback J. C. Caroline has signed his 1958 National Football League contract, the Chicago Bears announced Friday.

Caroline, former offensive star at the University of Illinois, has been playing on defense for the Bears. However, owner-coach George Halas said Caroline will be used on offense this year.

Halas said the Bears have added several outstanding defensive backs to the team and are now in position to switch Caroline to offensive duties.

Mention Omaha For Hockey Loop

Des Moines (P) — A new professional ice hockey league of 10 teams extending from Des Moines to Seattle and into Canada has been proposed.

P. L. George, Des Moines sports promoter said Friday the league "is only in the talking stage, but I understand there will be an organization meeting late this month or early in May."

The Des Moines Tribune identified Lyle Z. Wright, executive vice president of the Denver Arena Corp., as one of the promoters of the two-division league.

The Eastern Division would be composed of Des Moines, St. Paul, Minn., Omaha, Denver and Winnipeg, the Tribune quoted Wright. The Western Division would include Seattle and Calgary, Edmonton, Vancouver and Victoria, in Canada.

Los Angeles Dodgers' rookie Larry Sherry pitched a four-hit shutout in his first professional baseball game.

Bosox Will Stay At Fenway Park

Boston (P) — Joe Cronin, general manager of the Boston Red Sox, said Friday the club is satisfied to remain at its present location — Fenway Park.

Earlier in the week plans for a 10-million dollar sports center in Norwood to include a 60,000 capacity stadium were announced. Construction would be contingent on the Red Sox using it.

Cronin conferred with Boston Mayor John B. Hynes. Hynes has said he favors action to improve parking facilities around Fenway Park. After the meeting Cronin issued this statement:

"I was pleased to read of Mayor Hynes' interest in the Red Sox while en route home from Florida, and felt my first responsibility was to call on him.

"We had a very pleasant visit in which we discussed the future of the Red Sox in Boston. All I can say is that the Red Sox are satisfied to stay in Boston at their present location. There are certain problems which require solution or improvements for the greater benefit of the fans, and the Red Sox and the city of Boston are exploring all possibilities toward that solution."

NANG Team In Hockey Meet Finals

Friday's Results
Lincoln Blue Jets 14 Lincoln Rangers 6
Kirtland AFB 11 Duluth AFB 9
Neb. ANG 12 Loring AFB 11

Games Saturday
5:30 p.m.—Blue Jets vs. Kinross AFB
7:30 p.m.—Duluth AFB vs. Loring AFB
9:30 p.m.—Kirtland AFB vs. Neb. ANG

Kevin Buchta fired in his third goal of the evening with 43 seconds of an overtime period left to put the Nebraska Air National Guard team in the finals of the Lincoln AFB Invitational Hockey Tournament.

The Nebraskans will meet Kirtland (N. M.) AFB at 9:30 tonight for the tourney title. Kirtland Friday night defeated Duluth AFB 11-9 to gain the finals.

In the opening game of the evening the Lincoln Blue Jets topped the Lincoln Rangers 14-6.

Daryl Lund was the workhorse for the Kirtland team. He scored five goals, bringing his two-game production to 12. Bob Morgan of the Air Guard joined teammate Buchta in the hat trick group, and Loring's Dana Hennigar also scored three times.

NU Golfers Lose

Tulsa, Okla. (P) — Larry Casey won medalist honors with a four over par 76 Friday as the University of Tulsa golf team downed Nebraska 161 1/2-111 1/2.

Larry Casey (TU) def. Moon Mullins, 3-0.
Jerry Jones (TU) def. Mickey McCusker, 2 1/2-1/2.
John Hyden (TU) def. Don Waltemath, 3-0.
Philip Snyder (TU) def. Tom Fulkerson, 2 1/2-1/2.
Hyden-Snyder (TU) def. Waltemath-Fulkerson, 3-0.
Casey, Jones (TU) def. Mullins, McCusker, 2 1/2-1/2.

Golf Match Set

Augusta, Ga. (P) — Japan's Canada Cup golf champions, Torakichi Nakamura and Koichi Ono, will play an 18-hole exhibition match against Ben Hogan and Jimmy Demaret at Houston, Tex., April 13.

Grid Star Killed

Beaver, Pa. (P) — An auto smashed through two guard rails and plunged down an embankment, killing Mike Karas, 23, star quarterback of the Geneva College (Pa.) football team.

Two Gloves

Boston (P) — At the suggestion of the Boston Bruins' club doctor, Johnny Bucyk wears a regular glove underneath his hockey gauntlet on his right hand. His injured hand gets better protection with two gloves.

Opponent Charges Railroad's Case To Abandon Crete Branch Lacks All Facts

The Missouri Pacific Railroad has not included all revenue figures in its application to abandon the 70-mile branch line from Crete to a point near Auburn, according to George Kinney of Kansas City, Crete Branch Assn. traffic consultant.

Testifying Friday before Robert Romero, Interstate Commerce Commission examiner, Kinney said that the

Supreme Court:

Grand Island Fired Officer Improperly

The State Supreme Court held Friday that the city of Grand Island comes under the state's so-called civil service act, despite the fact Grand Island is governed by a home rule charter.

As a result, the court held, Kenneth Simpson, former assistant police chief, was entitled to the job protection offered by the act.

Simpson was discharged improperly and consequently "remains an employee of the police department," the court held.

The decision affirmed the verdict of the Hall County District Court, from which the city of Grand Island appealed.

The last Legislature provided for police civil service commissions in cities of 5,000 to 40,000 population. The law became effective Apr. 1, 1957.

On Apr. 9, 1957, the Grand Island City Council abolished the position of assistant police chief which Simpson had been holding. Simpson was dropped from the payroll Apr. 15.

Simpson appealed, claiming he had been deprived of his civil service rights. The city, however, contended the civil service act does not apply to Grand Island because of the city's home rule charter.

On this point, the Supreme Court held that the civil service act deals "with a matter of statewide concern, to wit, the maintenance of law and order. It is therefore superior to provisions of a home rule charter in conflict therewith."

It will be up to the Police Civil Service Commission in Grand Island to determine what position Simpson now shall hold and the pay he shall receive, the court added.

Supreme Court Affirms Decision

The Supreme Court has affirmed a Lancaster District Court decision awarding Vernon Lewis, doing business as Lewis Oil Co., a judgment against Oscar Hiskey for \$615.77 and costs.

Lewis had sued to collect for petroleum products allegedly purchased by Hiskey.

The high court also affirmed the Dodge County District Court's action in dismissing an auto accident injury suit brought in behalf of Merle H. Fincham Jr. by his father, Merle H. Fincham Sr.

The suit was brought against the estate of Herbert G. Mueller as the outgrowth of a 1955 accident at a county road intersection about 6 1/2 miles north and slightly west of Ames. Mueller was killed in the collision.

In an appeal from Jefferson County, the Supreme Court affirmed the district court action dismissing a suit brought by Henry Blohme against a group of defendants. The suit sought to quiet title in Blohme's name to a quarter section of land in the county. A defendant motion to dismiss the suit for want of a cause of action was sustained.

Plus His 15 Nickels

Sudbury, Ont. (AP) — Max Mexmenko ripped a juke box out of a cafe wall after it gobbled up 15 nickels without sounding a note. He complained and a waiter laughingly told him, "You better take the machine with you." He was doing that when police came. Fine: \$25 plus costs plus \$25 for damages.

2747 No. 48 Ph. 6-2377

MP did not include over \$100,000 in additional revenue between the years 1952-57.

The 5-day hearing ended Friday as the Crete Branch Assn., represented by ex-Gov. Robert Crosby, concluded its case in opposition to the MP application.

John Effken of Cook, president of the Crete Branch Assn., told The Star that the towns along this line "sprang

C&NW Asks

Court Overrule Order On Trains

The Chicago and North Western Railway has asked the State Supreme Court to overrule a State Railway commission decision ordering the railroad to continue operating trains 13 and 14 between Omaha and Chadron.

The commission on Feb. 7 granted the railroad authority to discontinue operation of the trains. However, following protests from a "save the trains" association, the commission ordered the railroad to continue operation of the trains for an indefinite period Mar. 7.

The railroad said evidence was never introduced in the case which would justify the commission in completely reversing its order of Feb. 7.

Ress To Confer On Future Of Missouri Bridge

The future of the Missouri River Bridge between Sioux City, Ia., and South Sioux City, Neb., will be discussed Apr. 9 when L. N. Ress, state engineer, will meet with South Sioux City officials there.

Ress favors construction of a new bridge rather than re-vamping the present bridge into a 4-lane structure.

The Nebraska Department of Roads has been studying the possibility of modernizing the bridge to provide the 4-lane traffic needed.

Ress has said it would cost \$600,000 to add the additional lanes, but even then the bridge would not measure up to current standards of the U.S. Bureau of Public Roads.

A proposal to do the job co-operatively with Iowa as part of an interstate highway project fell through, Ress said.

The engineer said he thought Iowa engineers had arrived at an estimated cost of constructing the bridge, but that his department had not as yet made any cost estimates.

up with the coming of the railroad, which was built in 1882." He said that 11 elevators served by the MP would be in "great danger of bankruptcy" if the application were approved by the ICC.

12,000 Affected

The Crete line serves the towns of Crete, Kramer, Sprague, Panama, Douglas, Burr, Cook, Talmage and Brock. Approximately 12,000 people are served by the MP, not including the town of Crete, which is served by 2 railroads.

Effken said that "the economic life of these towns depends on the railroad."

"If the instrument that created the towns were removed, the market would be gone, lumber yards would disappear, and the entire business district of each community would be affected," he said.

The MP has said that it lost "from \$50-\$300,000 per year for the last 20 years" on the Crete line.

Spent \$750,000

According to Effken, the MP spent \$750,000 on road bed, track and depot improvements on the Crete Line from 1952-55. He said, "The railroad must have had a reason for spending that money."

The MP claimed that heavy flood damage in 1950 forced it to make these improvements, as it "either had to fix the line or abandon it then."

In 1943, the MP submitted an application to abandon the same line, but was turned down because of "inadequate records," according to Effken.

It could take from 6-9 months for the final decision on the application, according to Effken. The ICC will judge the case on the recommendation of Romero.

REP. BURDICK HOSPITALIZED

Washington (INS) — Rep. Burdick (R-N.D.) was hospitalized with what his doctors call congestion of the lung and exhaustion.

The congressman, 79, announced earlier in the week that he would not seek reelection this fall, has been in ill health for the past month and was hospitalized previously for the same condition.

Sentence Man On Dyer Act Charge

Robert Donald Dorman, 28, of Ft. Wayne, Ind., was sentenced to 2 years imprisonment Friday after pleading guilty in Federal District Court to a Dyer Act count.

Dorman was charged with transporting a stolen car March 8 from Salt Lake City, Utah, to Wood River, Neb.
